

Star of Space 559

Chapter 559 There is something on the face

But when the eldest princess raised her hand, she stopped her.

"Miss Lin, is being too fat bad for your health? Is it possible to cure it?" The eldest princess looked at Lin Caisang and asked softly.

"Fat."

Lin Caisang's voice was long and drawn out, recalling his previous self.

"It's okay to be a little fatter, but if you are too fat, you may develop some diseases. It's better to lose weight as soon as possible. Just in time, I have a recipe here. If the eldest princess needs it, I will write it down for you.

However, being overweight is not a disease after all, nor can it be cured by taking medicine. You have to avoid eating a lot of greasy food and exercise more. This is also a very painful thing. If you don't have perseverance, it's impossible to persevere.

Look at her, she has persevered, and now she has lost about 110 pounds. If she works harder, she will be done.

"Listen to what Miss Lin said, is there anyone around you who has lost weight?" The eldest princess picked up a porcelain vase, put it in front of her eyes and looked at it carefully, as if she asked unintentionally.

"Haha, what's happening around me? This is my personal experience." Lin Caisang shrugged and said.

Isn't it personal experience? She sees so many delicious foods every day, but she can't eat them and has to endure them. How painful it is, it can kill people.

But in order to be beautiful, why don't you persevere?

'Bang!'

Suddenly a sharp sound rang in his ears. Lin Caisang looked for the sound and saw that the porcelain bottle in the eldest princess's hand had fallen to the ground. At this moment, the eldest princess was looking at her intently.

She bent down, picked up the porcelain bottle, checked that it was not broken, and then moved back.

"The eldest princess..."

She wanted to explain a few more words to the eldest princess, but saw that she was still staring at her without even blinking. She couldn't help but raise her hand and touched her face, seriously doubting whether there was something dirty on her face. Something.

"Aunt Bai, is there something on my face?" She blinked and turned to ask Aunt Bai who was waiting.

Aunt Bai put on an awkward smile with a stiff face and shook her head at Lin Caisang. What was she going to say? Did she say that her princess remembered some past events and regarded Miss Lin as another person?

"No, there is nothing on the girl's face."

"Oh, it's better if you don't have it."

Hearing what she said, Lin Caisang felt relieved. Don't look back. She walked out with a "flower" on her face. That must have a high rate of turning around, but she didn't want such a rate of turning around.

Soon, seeing that the eldest princess was a little absent-minded, she explained all the medicines on the table to Aunt Bai one by one, and then said goodbye to the eldest princess.

"Aunt Bai, ask Eunuch Hua to send Miss Lin back."

Seeing that she was leaving, the eldest princess gave orders directly to Aunt Bai.

After hearing the princess's instructions, Aunt Bai was stunned for a while before she realized what she was doing. She turned around and led Lin Caisang out.

...

"Princess, what happened to you today?"

After seeing off Lin Caisang, Aunt Bai turned back, came to the eldest princess, and asked.

Father-in-law Hua was a person given to the eldest princess by the late emperor. Although he was called father-in-law, he also served the eldest princess. However, only a few mothers and guards who were close to the eldest princess knew that Eunuch-in-law was once a top figure in the world. The most powerful master, so many people tried to challenge him but failed.

It was also because he was seriously injured when challenged by many masters and was rescued by the late emperor by chance that he was willing to become a slave in the palace.
