Chapter 560 It's her

Today I just gave it to Miss Lin. Why did the eldest princess use Eunuch Hua?

"Mama Bai, it's her, it must be her!" The eldest princess was very excited, stretched out her hand to grab Mammy Bai's wrist, and said.

"is her?"

Aunt Bai doesn't understand what her princess is saying. What is she? Who is she?

"It's her. Didn't I order you to check those two children from Qianlin County?" The eldest princess swallowed and lowered her voice and said to Aunt Bai.

Only then did Aunt Bai realize which one her princess was talking about, but she shook her head.

"Impossible, princess, I have personally seen... the little miss. She looks nothing like Miss Lin.

At that time, she went to Qianlin County on the order of the princess, and went to that place according to the address. She only found out that the father of the young master and the young lady had joined the army, and the family was facing many difficulties.

At that time, she wanted to lend a hand to help, but she held back because she thought that if a poor family suddenly had better days, it would attract the attention of others.

It's not like she hasn't quietly sent people to inquire about it in the past two years.

"When the old slave went there, the young lady was still chubby, because everyone in the village liked her and her life was good. However, princess, the young lady did not look anything like that girl Lin. place."

"Why not, it's her."

The eldest princess didn't care how much Aunt Bai denied it, she just threw her hand away.

"Aunt Bai, have you really not noticed that Miss Lin looks very similar to me when she was young?"

She wanted to say that he was just carved from the same mold. How could it be fake? No wonder she always felt that Lin Caisang was very familiar. It turned out that he looked very much like her when she was a child.

"Didn't you also say that the young master looks very much like me when I was a boy? If you think about it carefully, do you think he also looks very similar to Miss Lin?" She asked again.

Being reminded by the eldest princess, Aunt Bai tried hard to think back, and suddenly her eyes widened.

"Yes, princess, I remembered it. As you said, Miss Lin and the young master look really alike. No wonder, I thought I had seen Miss Lin somewhere."

"That's right, it must be her." The eldest princess was even more excited.

"I just asked Miss Lin. The family she mentioned is exactly the same as what you found out. I want to ask you, is there a cousin in the little lady's family who has passed the examination?"

she asked.

"It seems so." Aunt Bai nodded.

"That's right." The eldest princess clapped her hands.

"That should be Lin Changfeng, Lin Laosan's son. Aunt Bai, don't you think it's such a coincidence that the person who came to treat me is actually from me..."

"Shh!"

Before the eldest princess finished speaking, she saw Aunt Bai raising her hand and covering her mouth, her face turned blue with fear.

"Princess, please don't talk nonsense. Those people outside have bright ears."

Hearing this, the eldest princess took a deep breath and nodded. She also understood Aunt Bai's worries. Wasn't she in agony because of the existence of those people? He is obviously his own child, but he is not allowed to see him.

Even if we meet now, we still have to pretend to be strangers.

"Those people, I will have to end things with them sooner or later." She gritted her teeth and said.

"Princess, we have a long way to go. Now that you know that the young lady is safe, you can feel at ease and take good care of yourself. This is the most important thing right now."

Seeing that the eldest princess was in a much better mood, Aunt Bai gave her some advice.
