Chapter 562 Are you injured?

"Jiang Zuo, are you the doctor or am I the doctor? If she is injured, why don't you come to me to find a solution?" He shouted angrily at Jiang Zuo, who was still covering his face.

You really want to make others laugh, don't you? A doctor, or a doctor who prides himself on being extraordinary, will panic and forget all about his medical skills when something happens.

He really wanted to suggest that the palace master send him back to his hometown to avoid embarrassment.

"If I had a way, would I still have to look for you?" Jiang Zuo was very anxious at the moment. After saying something to Ban Jue, he continued to sit on the edge of the bed and take care of the woman on the bed.

"you--"

There is so much anger in the decision to banish someone.

"Okay, Ban Jue, why are you arguing with him? Can he still use his brain to think now?" Ban Wu saw that the two of them were about to quarrel, so he quickly spoke out to persuade.

"Jiang Zuo, you take care of your cousin here, while Ban Jue and I go and boil some water."

After being reminded by Ban Wu, Ban Jue remembered that his palace master had been running around for several days without even having a bite of hot food. He glared at Jiang Zuo, turned around, and went to the kitchen with Ban Wu.

...

In the Lin family, when Ya Molian came to Lin Caisang's room, it was all in the dark and did not see Lin Caisang, and no one else in the Lin family was at home.

He was stunned for a moment, then remembered that he had been away for a few days and had not mentioned his whereabouts to the little girl.

I don't know what happened to the little girl. Why is there no one in the Lin family?

Just as he was about to return from the original 'route', he felt that there was an extra person on the edge of the room, and he stopped at his feet.

"who is it?"

Lin Caisang had just come out of the ranch space, still holding the copied mechanical books in her hand. She couldn't finish them in a day, so she copied a few simple ones first and let her brother read them first.

Just when she came out, she saw a vague black shadow in the room, which really startled her.

"Sang'er, it's me." Ya Molian was afraid that she would be frightened, so she hurriedly spoke.

"Brother Mo Lian, are you back?"

Hearing Ya Molian's voice, Lin Caisang breathed a sigh of relief and regained his surprise.

"Where are the people in your family? Why are you the only one?" Ya Molian asked her.

"They are all on Menghuang Mountain. The shops in the county will open in two days. They have been busy on Menghuang Mountain these days. It is still early and they have not come down yet."

Lin Caisang replied.

She also took advantage of the fact that she was tired, so she rested at home for a day and went to Jian'an City.

"What's wrong with you? What...does this smell like?"

Suddenly, a smell of blood floated into her nose. She frowned and took a step closer to Ya Molian.

"Are you injured? Show me quickly."

"It wasn't me, it was someone else."

Seeing her coming forward, Ya Molian took a step back and explained.

"I'm just here to ask you to come to my house. Jiang Zuo can't cure her, so I can only ask you to go."

"so serious?"

Lin Caisang was surprised.

She had also seen Jiang Zuo's abilities. If it was just a skin injury, it would be impossible to cure it.

"Then don't delay and go quickly."

...

After a while, the two of them were at Ya's house. When Jiang Zuo saw her coming, he immediately stood up and gave her the position on the edge of the bed.

"Miss Lin, how is she?"

As soon as he found his upper pulse, he nervously asked Lin Caisang.

Hearing this, Lin Caisang raised his eyes lightly and glanced at Jiang Zuo.

"Can't you figure out how she is?" she asked.

Hearing Lin Caisang's words, Jiang Zuo's whole body stiffened and he felt it became difficult to breathe.

"Miss Lin, is she really... hopeless?" After a long while, he squeezed out a sentence from his throat.
