

Star of Space 582

Chapter 582 What is this?

"So fast?" Lin Caisang raised an eyebrow.

The efficiency of the banishment process is indeed extraordinary, as he bought all the maids so quickly.

"Then let's go tomorrow. I just told my brother that I will go to Ye County to see the county tomorrow."

Fortunately, she was afraid that Chief Ya would find the door tomorrow, so she had better hide out quickly. After all, he was an elder in the village, and she didn't want to confront him directly, so let Chief Lin worry about it.

...

The next day, Lin Caisang and Ya Molian went to Qianlin County early in the morning.

After the opening of 'Weixiangju', the business was pretty good, and there were a lot of people buying dried fruits. Lin Caisang also asked the shopkeeper to put some fruit wine she made herself. The aroma of the wine was wafting every day, and more and more people came to the door. too much.

After a while, the two of them walked out and headed to the mulberry garden on the outskirts of the county.

They hired some day laborers from nearby and surrounded the land they bought with a bamboo fence. Although it took a little trouble, it was not short of the labor money anyway.

And inside, the ditches in various directions have been dug.

After entering, Lin Caisang saw a large wooden house in front of him, which could accommodate more people.

"Miss Lin, this is a temporary wooden house."

Ban Jue knew that they were coming early and had been waiting for them. When he saw Lin Caisang, he introduced them.

"We still need to build a yard." Lin Caisang said.

But when the manpower here is determined later, let them do it by themselves, so there is no need to expend such energy.

"Where are the people?" she asked Ban Jue.

"We're all waiting at the wooden house." Ban Jue replied.

"Miss Lin, among the new batch of people received by the county this time, there are many young maids, all of whom are around seventeen or eighteen years old. They can't choose a few women, so the subordinates make their own decisions. Pick some maids."

Young girls can't do as much work as older women, so we need to have more people on hand.

"Since this matter has been left to you, whatever you do is naturally right." Lin Caisang replied.

A few more people here doesn't mean much, and a few people less doesn't matter. They are all things that require both hands to do. No matter how many people there are, they can still make a profit with both hands. She is not worried about this at all.

"It's good to be younger. You can earn money for me for a few years. It's a good deal."

Hearing this, Ban Jue secretly glanced at his palace master, and saw that he didn't say anything, so he let out a sigh of relief.

Young maids also have disadvantages. These people's mentality is not stable enough. Because they are young and feel that they have a face that can be seen, they always feel that after arriving at the master's house, as long as they work hard, they can be in front of the male master. Win a place.

This kind of thought is not just one person's, many servants will have it.

"How many maids did you buy?"

Just as Ban Jue was taking the two of them to see the maids, Ya Molian suddenly asked.

Ban Jue immediately felt a chill on his back, and secretly screamed something bad. He replied sarcastically: "Palace Master, I bought fifty people in total, including fifteen people around thirty years old, and thirty people under twenty." Five people."

Hearing his answer, Ya Molian was silent for a while.

"Aren't there ten slaves in the mulberry garden? Let these thirty-five people go out, and no one will be left." After a while, Ya Molian spoke.

Lin Caisang: "!!!"

What is this scenario?
