

Star of Space 583

Chapter 583 More than just being disfigured

She turned her head and looked at Ya Molian with shock in her eyes.

"What are you doing? Ten men with thirty-five girls. Are you crazy?"

Isn't this proportion too inconsistent? Moreover, this guy had a grudge against those girls. It was already pitiful for them to be sold to a foreign country, but he actually wanted to assign them to someone he didn't like?

"Miss Lin, what the palace master said is right." Exiled Jue felt deeply uneasy when he saw his palace master being scolded.

Look at what he is doing. There are no women anymore. Why don't you just go to the dental shop and buy some? Why buy so many young girls?

At this time, Lin Caisang hadn't noticed anything yet, but his palace master had taken precautions first.

"Do you still think he is right?" Lin Caisang was speechless.

"Miss Lin..."

"You'll understand later."

Ya Molian interrupted Ban Jue's words and said something to Lin Caisang.

He won't explain much now. She will know what he means later. It's pitiful to leave home, but it can't stop those people with wandering minds who want to climb on the master's head.

Lin Caisang's face was full of confusion, and he shook his head at Ya Molian, feeling that his thoughts were really confusing to him.

But soon, when she saw the maids who had all their little thoughts written on their faces, she felt that Ya Molian's method was really thoughtful.

I saw those girls all glancing at Ya Molian.

The older ones were okay, knowing that her 'mistress' was still there, so they were watching secretly, but those fifteen or sixteen years old simply wanted to glue their eyes to Ya Molian, then The pair of seductive eyes made her heart itch!

"cough."

She coughed heavily, trying to draw their attention back.

It's a pity that all those girls think they are pretty. The male master must be able to take a liking to them, and he doesn't take her seriously.

"Brother Mo Lian, didn't you say that these people no longer need to be tamed?" She looked at Ya Mo Lian with a smile.

Hearing this, Ya Molian glanced at the fifteen women on the other side. Those people had been through the incident. When they saw their master approaching, they all lowered their heads, waiting to be lectured.

Nothing like these here!

"It depends on who buys it!"

As he spoke, his sharp gaze turned to Ban Jue. The latter's back tensed up, feeling that he would definitely be resented by his own palace master in the future.

"Excommunicate me and ruin the faces of these maids to this palace!"

Just when Ban Jue secretly screamed that something was wrong, he heard his palace master directly giving him instructions.

"ah?"

He was frightened by his palace master's idea and looked at Lin Caisang.

And those maids who felt good about themselves were so frightened that the hairs on their bodies stood up when they heard his words. They wanted to take a breath of cold air, but they were holding it back for fear of making even the slightest sound. If you want to be disfigured, you have to have your tongue cut out!

The fate of these people in the future is related to their master. If the master is very evil, cutting out the tongue and ruining the face is a minor matter. After the slave is bought back, no one will take care of it even if it is killed.

What's more, they are still slaves in another country, so no one will take care of them.

"There's no need to ruin your face."

Lin Caisang lightly glanced at the maids whose hair was clearly visible on their faces, and a sarcastic smile appeared at the corner of his mouth.

"Just as I said before, match them with what they deserve!"
