Chapter 589 People who don't agree with me

"Go back to Miss, the villain has already made arrangements.

Zhang Shunlai replied respectfully and waved to two of them.

"Miss, this man's name is Zhang Deye. He has a good talk and is very eloquent. The villain thinks that he can be in charge of the second floor. This other person is called Zheng Feng. He knows some medicinal materials. The villain thinks that he can be in charge of the third floor. It can be done."

"Your surname is Zhang, what a coincidence." Lin Caisang looked at Zhang Deye and said.

This young man named Zhang Deye is somewhat similar to Zhang Shunlai. Could it be that they are related in some way?

"Miss, this virtue is..."

Just as Lin Caisang was thinking this and Zhang Shunlai wanted to explain, suddenly, a rather angry voice sounded in her ears.

"My boss, Zhang Deye is Zhang Shunlai's nephew. It was Zhang Shunlai who recruited him. Moreover, Zhang Deye is not as good as Zhang Shun said. He doesn't know anything. He was just a handyman in his previous boss's house."

Lin Caisang followed the voice and saw a handsome young man glaring at Zhang Shunlai with resentful eyes and a hateful look at Zhang Deye.

"A handyman?"

Lin Caisang looked at Zhang Deye, raised his eyebrows and then looked at the young man.

It's a pity that such a beautiful face has been ruined by himself.

"That's right, boss, don't believe this. When he was at the previous boss, he liked to promote his nephew. Now that he was sold by the previous boss, when he came to your place, he also hired his nephew as a handyman. I just want to put a black mark on your face."

The young man's words were a little angry, as if he had some enmity with Zhang Shunlai.

"Lao Zhang, weren't you a restaurant owner before? Why did you work for other owners?" Lin Caisang frowned and looked at Ban Jue.

"Miss Lin, what I found out here is that Zhang Shunlai was sold directly to the dental shop because he committed a crime. We were the first one to buy him." After receiving Lin Caisang's gaze, Ban Jue left immediately. Come forward and explain in her ear.

"Back to Miss, the villain has signed a contract with his old things, but he is still free. Zhang Deye did work as a busboy in the restaurant of the villain's former employer, but the villain really did not lie to you. Zhang Deye is indeed a A rare good seedling..."

Zhang Shunlai wanted to say a few more kind words to his nephew, but when Lin Caisang raised his hand lightly towards him, he immediately closed his mouth.

Lin Caisang's eyes swept over Zhang Deye's body and saw that he was looking at Zhang Shunlai anxiously. He didn't look afraid, but as if he was worried that Zhang Shunlai, his uncle, would offend her, his master, because of him.

On the other side, the young man who complained in front of her couldn't hide the proud expression on his face when he saw Zhang Shunlai eating the turtle in front of her.

"Ah."

She chuckled and shook her head.

"Lao Zhang, it's up to you to decide how to recruit people from Baiwei Snacks and where to use these people, but..."

She glanced sharply at the young man, and walked step by step in front of the young man. Zhang Shunlai naturally followed him, so she glanced at Zhang Shunlai.

"There's one kind of person I won't keep here, and that's the person who doesn't agree with me. Did you recruit this person? Huh?"

"Yes, miss, this person's name is..."
