

Star of Space 591

Chapter 591 Only happy and proud

"Mom, this isn't heavy.

With Lu Qiubo's help, Yang Lin removed the bamboo basket from his back and replied with a smile.

"It's not heavy and you're not allowed to carry it. It's not like there's no work at home. How can you be the one who's pregnant?" Lu Qiubo glared at her angrily.

"You said that you are really a hard-working person. When you are pregnant with a child and can rest openly, you are still busy. If an outsider sees it, they will think that I, the mother-in-law, have abused you."

"Mom, what are you talking about?" Yang Lin smiled.

"Truth!"

Lu Qiubo glared at her again.

"The third child, you have to listen to Sangsang and get more rest. Don't think that nothing will happen to your body now, and it may not happen in the future. Don't regret it when something happens in the future."

Lin Laogan also gave Yang Lin a warning.

"Dad, I understand." Yang Lin responded.

In fact, it was really just a basket of pigweed. For her who was used to doing work before, it was not heavy at all.

"Just now, the flower girl wanted to carry it over for me, but I didn't let her go. I know why she was so kind."

"We shouldn't ask others to help. It's not like we don't have anyone left in our family." Lu Qiubo curled his lips and said.

There will be a lot of people and things like this in the future. There is no way they can cause trouble to Sangsang, but... if they don't cause trouble here, there will always be some people who want to cause trouble for her granddaughter in other places. of.

"Mom, why did I hear that there are rumors outside that Sang Sang went to the county this time to take money as payment for Chang Feng? He also said some unpleasant things about Sang Sang, did you hear it?"

Yang Lin asked his mother-in-law.

"Why didn't you hear it? It came out yesterday." Lu Qiubo snorted coldly.

"Those people outside just don't want others to be better than them. If we, a good girl like Sangsang, dare to throw dirty water on her, there will always be times when they regret it."

Their family's money can be used as they wish, and they are very lenient about what it has to do with others.

"Why don't these people have some virtue in their mouths?" Yang Lin couldn't help but curse.

"Leave them alone."

Lu Qiubo waved his hand and didn't take the words outside to heart.

"Since we, Sangsang, have established Manghuangshan, there have been few gossips outside. They are all shady people talking nonsense. However, after all, they are only a minority. Most people are good. Let's, don't pay attention to it. That's it."

"Yes, from the third family, you are right to listen to your mother." Lin Laogan also said.

Lu Qiubo nodded and continued to lecture Yang Lin.

"Our family lives our lives. If others want to be like us and can't live it, it's all for jealousy. The more they gossip, the more we want to make our lives prosperous. We will piss them off!

You are pregnant with our Lao Lin family's child, so you can't be affected by those outside. "

"I know."

Yang Lin naturally wouldn't pay attention to what those people said.

But sometimes, she was really angry. Those people actually dared to talk in front of her. They didn't want to make her feel better at all. If she was really angry, what good would it do to those people?

"Even if Sangsang really went to get money to give to Changfeng, I, Sangsang's third aunt, and Changfeng's mother, can only be happy and proud. If you want to make me angry, they have found the wrong person. "

"Yes, you are right to think so." Lin Laogong nodded.
