

Star of Space 593

Chapter 593: He is very capable

How could he make the decision for Liu Yushui? Even if Liu Yushui was married to him, she still had to work in his house. Is it possible that his mother would allow him to marry an ancestor as a supporter?

"However, Yu Shui, you should also learn some things at home. Otherwise, if you follow me in the future, you can't know everything, right? I don't have much here. I can buy you a few maids to serve you, but my mother's place ...you know it too.

"this....."

Mentioning Zhou Liang's mother, Liu Yushui's face turned ugly, and she raised her hand and lightly beat Zhou Liang's chest.

"I know, I will study hard.

In order to marry Zhou Liang, she had risked her life. She just had to learn to do some things at home. She would just learn. In the future, with maids waiting around, she would just have to show off in front of Zhou Liang's mother.

Who doesn't know how to pretend?

"Brother Liang, after being interrupted like this, I forgot the serious thing to say."

"What's going on?" Zhou Liang asked.

Isn't it Lin Changfeng? Liu Yushui has been talking about Lin Changfeng in his ears every day recently, which makes his ears feel calloused.

He doesn't understand. He's just Lin Changfeng. What's so great about him? He won't be as popular as him when he was in the academy, and he won't be taken seriously by the gentlemen. Now that he has left the academy, what else will he have?

"Lin Changfeng's matter. (つ〇う〇)つ Liu Yushui brought it up again.

"What do I think, just Lin Changfeng, worthy of your talking about it every day?" Zhou Liang curled his lips disdainfully, not caring at all.

"Don't worry. Even if I give him another three years of studying, he won't be able to pass the examination. Can he compare with me? The books in my house are a whole study room. What about Lin Changfeng?" What's at home? He has a lot of books to read!"

Liu Yushui: "..."

Lin Changfeng's family is poor, but he can't stand his own efforts. He always goes to borrow books from classmates to read. She has encountered this several times.

She had said all this to Zhou Liang, how come he had forgotten it?

"Brother Liang, you can't underestimate Lin Changfeng. He's very capable. And Lin Caimulberry has some shitty luck. There are so many mountains in the barren mountains, and she still managed to get into this situation. The Lin family looks so weird."

She persuaded Zhou Liang that although she liked Zhou Liang, it did not mean that Zhou Liang was definitely a talent.

She knew better in her heart that if Zhou Liang didn't have Old Master Zhou as his grandfather, he would be just a decoration in Qianlin County and the academy. Who would look at his face? It was even less likely that gentlemen would be pleasant to him.

She couldn't say big words about whether Zhou Liang could pass the exam this time. She could only pray to God to bless Zhou Liang and pass the exam.

In fact, she was quite conflicted. As her mother said, if Zhou Liang failed the exam this time, he would inevitably be disappointed, and the Zhou family's status in the county would be lowered.

And if her mother took advantage of this moment to make a fuss in front of the Zhou family, it would be impossible for the Zhou family to let Zhou Liang marry her.

Therefore, these days, she tried her best to pester Zhou Liang to come to Yacun to find her every day.

But at the same time, she didn't want to marry into the Zhou family in this way. First of all: Zhou Liang didn't pass the exam, and it was uncertain what his future would be. Even if he could take the exam again in three years, after another three years, he would not be able to take the exam again. A group of descendants have come forward. Can Zhou Liang still pass the exam?
