

Star of Space 608

Chapter 608: Just your replacement

"Then what can I do? If I don't go, Zhou Liang will look for a woman outside!"

Hearing Liu Rumei's words, Liu Yushui's eyes suddenly turned red, and she yelled in a low voice. After she finished yelling, her tears fell.

"Rather than letting him look for a woman outside, why don't I not want this child and pester him so tightly that he doesn't even have a chance to find a woman? Isn't that good?"

From her previous efforts to protect her child, she has now figured it out.

What's so important about children? The key is the man. If a man is seduced by another woman, then what's the point of having a child? Is it a burden or a burden for her?

This is not the life she wants to live.

"What do you know?"

Liu Rumei was so angry with her that she raised her hand and slapped her in the face.

"Zhou Liang comes to you now, not because of the child in your belly. If the child is gone and his mother forces him again, will he still come to you? You are no longer a young lady of the Liu family, like you. How many women does he want to find?"

she said.

"What should we do?"

Liu Yushui also felt that her mother was right, but what could she do now? Zhou Liang had already developed an appetite for her.

If she rejects Zhou Liang now, he will definitely be even more angry. Then he may even ignore the child. What should we do?

"If you do this, I still have a few taels of silver over there..."

"What?"

Liu Yushui was simply shocked when he heard half of what Liu Rumei said.

Their lives were so miserable. Her mother obviously had money, but she hid it and refused to take it out. What did this mean?

"Mom, if you have money, why don't you...well?"

"Can you shout any louder? I'm afraid your father won't hear you!"

Liu Rumei covered Liu Yushui's mouth and stared at her with warning eyes.

"Shut up, did you hear me?"

Liu Yushui nodded quickly.

Liu Rumei then retracted her hand and spoke to Liu Yushui again.

"In this way, mother will go to the dental shop later and pick a little girl you like, and she will be with you from now on. Zhou Liang doesn't like that kind of thing. If you can't do it, let the girl next to you take your place."

"What?"

Liu Yushui was shocked.

How could her mother come up with such an idea, asking her to give up her food and drink money to buy a girl, and then send the girl to Zhou Liang? Then didn't she shoot herself in the foot?

"How is this possible? What should I do if Zhou Liang is possessed?"

"How could you be so mesmerized? The contract of prostitution is held in your hand. Moreover, my mother will choose the one who cannot give birth. As long as there is nothing in her stomach, Zhou Liang will not take her seriously. , she is just your substitute."

Liu Rumei didn't take it seriously, thinking this was a great idea.

"Besides, what if it's a fetus? The person is in your hands, you keep an eye on the person all the time, and you can beat the child even if you're pregnant. What are you afraid of? Why, Bai has been working in the Liu Mansion for so many years Miss, can't you control a girl?"

"I....."

Liu Yushui opened his mouth, not knowing what to say.

Can she say that she doesn't want to send a woman to Zhou Liang at all?

However, if she could keep her child and Zhou Liang as a person, she thought this method would be a good one.
