Chapter 611: Get everyone out of the village!

The two were startled and looked over quickly, only to see a fierce-looking girl rushing into their yard angrily.

"Lin Caisang, Lin Caisang, you little vixen, get out of here!"

Everyone heard the sound and walked out of the utility room. They saw Ya Yuju, the head of the Ya clan, stretching out a hand and pointing to the yard.

"It's Yuju from the Ya clan leader's family. What's wrong?" Yang Lin walked out of his room and was closest to Ya Yuju. When he saw her looking for Sangsang angrily, he stepped forward and asked.

"Go away!"

Ya Yuju didn't care who was coming, as long as it wasn't Lin Caisang, she didn't care at all. She raised her hand, pushed towards Yang Lin, and pushed the person out directly.

"ah!"

"Third aunt!"

Several voices sounded at the same time, and just when Yang Lin was about to be thrown to the ground, Lin Caisang jumped over and directly placed Yang Lin's body on it, becoming her back.

"hiss!"

A stone beneath her body was stuck in her stomach. She was in pain and felt cold sweat break out on her forehead.

"Alin, Alin."

"Sangsang."

"Mom, Sangsang!"

There was a rush in the yard. Yang Lin was quickly helped up by Lin Baiyi and Lin Changfeng, and then Lin Caisang was also helped up by Lu Qiubo and Lin Changhong.

"Arin, are you okay? Where is Sangsang?"

Lu Qiubo's concerned eyes looked back and forth between the two people.

"It's okay, I'm okay, luckily I have Sangsang."

Yang Lin thought of the scene just now and felt chills all over her body. She had seen the protruding stone. If she fell, she would definitely be pressed by her belly.

Thinking of this possibility, she couldn't help but swallow.

"Sangsang, are you okay?"

"I'm fine, third aunt, it's just a slight sting, a bruise at most." Lin Caisang shook his head. In fact, he felt terrible pain in his stomach and his face was pale.

But in order not to worry Yang Lin, she couldn't tell the truth.

"Lin Caisang, are you Lin Caisang?"

When Ya Yuju saw the little girl in the Lin family's yard who was surrounded and cared for by the Lin family, she was stunned.

She had seen Lin Caisang more than eight hundred times in Yacun. How could she look like this? Could this person really be the dead fat pig Lin Caisang a few months ago?

"Lin Caisang, you vixen, how dare you seduce...ah."

After she came to her senses, she immediately stepped forward to pull Lin Caisang's hair and teach her a lesson.

Little did she know that as soon as she took a step forward, a big mouth slapped her in the face, leaving her unable to even hide. The pain was so painful that she almost shed tears.

"you....."

She covered her face and looked up at Yang Lin, who hit her.

"You dare to hit me? I want to tell my grandfather and ask him to drive your family out of the village!" She pointed at Yang Lin and cried.

"I'll hit you, even if I hit you lightly!" Yang Lin was trembling all over. The hand that had just hit Ya Yuju was raised again, and the ear scraper fell again. The other half of Ya Yuju's face was instantly red.

"ah!"

Ya Yuju screamed in pain.

She has always been hurt by her family, but she has never been beaten like this. Even her mother dare not touch a hair of hers for fear of being scolded by her grandfather, but this Yang Lin actually dared to slap her twice in succession.

"You bitches, just wait, I'll call my grandpa to come over and beat you to death!"

With that said, she ran out.
