

Star of Space 617

Chapter 617 A family that has no contact with each other since old age and death

But as she spoke, the tone of her words changed. She was really angry with the appearance of the Ya clan leader and his family. They were obviously full of calculations, but they still wanted to make people think how grand they were.

This is the kind of person she hates the most!

"Actually, let me tell you, our surname is Lin, and we are not on good terms with the Ya clan. Head of the Ya clan, you should come to our house less often." After Lin Laogan waited for his wife to finish speaking, he finally suppressed his words. Come.

After hearing this, not to mention Chief Ya, even Lin Caisang wanted to spit out a mouthful of old blood for Chief Ya.

This old guy blocked her on the road a few days ago and wanted her to tell him how to grow two crops of rice so that he could take advantage of it. But now her grandpa has asked Chief Ya not to come here in the future. That's not true. Cut off his escape route.

"Old Gang, sister Qiubo, look... you are saying such things too harshly. The Baiyi family is fine, too." Chief Ya's aura had already weakened, and he smiled at Old Gang Lin. road.

"Besides, even if it's my Yuju's fault today, you've hit me and scolded me. It's time to get angry, right? What else do you want? We all belong to the same village, so we can't die of old age. No contact, right?"

He thought carefully. Even if the Lin family had land in Yacun, and there was such a large area of barren mountains, it would be impossible to leave. They would definitely have to live in Yacun. In the end, wouldn't it depend on his face?

Let them be proud for now, and they will reap the fruits later!

It's a pity that the Lin family really didn't take his words seriously. Lin Caisang even sneered, "It's actually quite good that we don't interact with each other forever. Grandpa, grandma, we don't interact with

each other forever in the village. There are quite a few of them, right? I haven't seen anything happen to them, right?"

She looked at Lin Laogong and asked.

It was obviously the Ya family's fault, but the last sentence seemed to threaten the Lin family. This Ya clan leader was really interesting. She really wanted to admire him.

"It seems like a lot."

Lin Laogong answered his granddaughter seriously.

"You kid, look at what you said. We are just people from the village, so we don't have any contact with each other. If we have to do things, we have to look at your Uncle Jin. He really doesn't have the ability to take care of other people. It's other people's business."

"You, you guys..."

Chief Ya felt a breath of bad breath stuck in his throat, and his head was in a daze.

"Sangsang, what you said..."

"Grandpa, what nonsense are you talking to them about?"

Chief Ya wanted to say something more, but was interrupted by Ya Yuju. She returned to her grandfather angrily and pointed at Lin Caisang.

"Lin Caisang, didn't you say you would never marry someone from our Yacun village? If you have the ability, swear to God! You will never seduce Brother Mo Lian in the future. He belongs to me alone!"

Lin Caisang: "..."

Damn, this Ya Yuju is really sick, why does Ya Molian become hers alone?

"Ya Yuju, if you are sick, go see the doctor. Don't go crazy in my house. I said I won't marry someone from Yacun, but...does this have anything to do with Yamolian? Huh?"

"He...he's not from Ya Village?" Ya Yuju yelled.

"Isn't he from Yacun?"

Lin Caisang repeated her words, and then looked at Chief Ya.

"I have to ask your grandfather, Ya Clan Chief, is Ya Molian from Ya Village? Whose child is he? In what year and month was he born? Is there any record here?"
