

Star of Space 620

Chapter 620 I'm so ashamed for you!

"Lin Caisang!"

Chief Ya's eyes were so angry that he couldn't help Lin Caisang, so he pointed the finger at Lin Laogong.

"Lin Laogong, this is how you teach your granddaughter. Look how you've spoiled her. Can I, a majestic clan leader, be said like this?"

"Chief Ya, we are the same as each other, so why don't you stop singing a high-key tune here?" Lin Laogan sat in a wheelchair and smiled calmly at him.

"You really have no control over how I teach my granddaughter. I can teach her how I want. Even if the teaching is bad, it won't cause harm to your yard. However, the granddaughter you taught is quite good. She ran to People came to my yard to push people, curse them, shout and kill them, and they even wanted to drive my whole family out of the village.

I would like to ask Chief Ya, is the county government in Qianlin County run by your family? Your granddaughter is now able to make decisions for the county magistrate. This is really a great achievement. Whose girl can compare with her? "

Dare he talk about his precious granddaughter? Does the Ya clan leader really think that he is a piece of cake?

"Could it be that Chief Ya thinks that your granddaughter is right to kill people and set fires, but my granddaughter can't resist even if she is forced to do anything? Chief Ya, you are a native of Ya Village. Overlord?"

"You and I....."

Chief Ya was so speechless by Lin Laogan's words that he couldn't even utter a single word.

He knew that Lin Laogong had always been a shrewd person, but he usually didn't like to take those winding roads, so he didn't talk much. He had forgotten that Lin Laogong had once been famous in their village. A handful.

"Chief Ya, if you want to be embarrassed, which one of my family, Sangsang, has been embarrassed? That child Mo Lian has been coming to my house every day these days. What's the matter, have you never seen it, or have no people in our village seen it? What did Sangsang say? What's wrong? I don't think there's anything wrong with it."

Seeing that he didn't speak, Lin Laogong continued.

"If there's a problem, it's your precious granddaughter, right? Ya Mo Lian is her man. How many times have you said that since you entered my yard? But you guys have sharp eyes, right? Ya Mo Lian is her man." When did Lian fall in love with your granddaughter and have any contact with your granddaughter?

We are still childhood sweethearts, and thanks to the fact that Chief Ya can say it in his mouth, I am so ashamed for you! "

"hiss!"

The few young men who came with Chief Ya took a breath when they heard Lin Laojie's words.

What did the Lin family eat today? Their fighting power is so strong. Where has Chief Ya suffered such a loss before, listening to people pointing at his nose and scolding him without saying a word?

This time it was better. First it was Yang Lin, then Lin Caisang, and then Lin Laogan. The Lin family wanted to scold them all they could, right?

Chief Ya also saw that everyone in the Lin family was protective of their own shortcomings, and he couldn't say that this family member was no match for them.

"Sang Sang, are you really going to associate with Ya Molian?"

"Why, Chief Ya has any objections?" Lin Caisang asked him, raising an eyebrow.

Chief Ya: "..."

Of course he has opinions, big ones!

But what if he has an opinion? Ya Molian would go wherever he fell in love with, and he would marry the girl from whomever he liked. Who could influence his thoughts? No matter who can influence it, he knows that he is not capable of it.

But looking at the proud faces of the Lin family, he felt angry!
