Chapter 624 Burn it all

"Ya Yuju, please pull me down!"

Ya Molian didn't speak, but Ya Enxi, who had just arrived from outside, walked into the yard and looked at Ya Yuju with disdain.

"You don't know that Brother Mo Lian loves to be clean. Every time you go to his house to make trouble, he has to ask my Beidou and Piao'er from the Yufeng family to clean up the mess you made."

"What did you say?!"

Hearing this, Ya Yuju stared at Ya Enxi with eyes as big as copper bells.

"I said, the meals you cooked at Brother Mo Lian's house were all fed to the wild boars on the mountain. Even the bowls and chopsticks were replaced with new ones. Also, have you seen Brother Mo Lian wear the ones you washed? The clothes? They were all put under the stove and burned.

Ya Enxi was afraid that she couldn't hear clearly, so she spoke extra loudly.

"you--"

"You have the nerve to say this. If it weren't for the fact that you are the granddaughter of the Ya Clan leader, you should have been arrested and sent to the county government every time you climbed the wall into his yard and acted as a 'thief' while Brother Mo Lian was not at home. Going to jail!"

Ya Enxi said to her without giving her a chance to speak.

Fortunately, she actually said what things she had done for Brother Mo Lian. Did Brother Mo Lian ask her to do these things? You act like you are so great, but you are actually causing trouble for others!

"Brother Mo Lian doesn't care about you, you really think it's easy to talk to Brother Mo Lian, right?"

"Eun-hee.

Ya Molian glanced at Ya Enxi lightly, not wanting him to continue talking.

It's useless to talk about this now. In the future, he will think of ways to deal with the Ya clan leader and his family!

"Brother Mo Lian, why didn't you let me tell you?" Ya Enxi didn't care.

"If you don't let me say it, I will say it. You have warned her not to come to your house again, but she still wants to come because her grandfather is the head of the Ya clan. In the end, she has no choice but to After putting barbs on the wall, she didn't dare to come.

As a result, a few days later, she was openly trying to break down your door. I saw her and shouted, "Catch the thief!" and said I was bullying her! Oh my god, my Beidou is so good, do I need to bully a brainless woman like her? "

He looked at Ya Yuju with contempt and disdain and said.

"Is this how Brother Enxi was exterminated?" Lin Caisang looked at Ya Molian and asked in a lowered voice.

Last year, Ya Enxi was removed from the Ya family tree by the clan leader. Everyone in Ya Village knew about this matter. It was said that it was because he fell in love with Ya Yuju's beauty and wanted to bully her. This was why the Ya clan leader was furious. For exterminators.

At that time, the original owner had even murmured, why would Ya Enxi, who had a beautiful wife like Beidou, bully Ya Yuju, a girl who wanted to be pretty but not pretty, and to have no brains.

Moreover, if a man does something wrong outside, the women at home will always cause trouble.

But Beidou had such a fierce temper and didn't say a word. How he treated Ya Enxi before and how he treated him after that made people feel abnormal.

It turns out that this is what happened!

This Yayuju is really harmful to people.

"Um."

Yamollian nodded slightly.

"Ya Enxi, what are you talking nonsense about? You were exterminated because you bullied my Yu Ju. This really happened!" Chief Ya shouted angrily and glared at Ya Enxi.

"Don't you want to stay in Yacun? You're going to be blind here!" he threatened.
