Chapter 631 Don't be angry, I feel sorry for you

"Depend on!"

Hearing his words, Lin Caisang couldn't help but curse.

"Ya Molian, what kind of messy thoughts are you talking about? Get them out of your head quickly. Get rid of them, you know!"

What she said made her so angry that the place where she was hit started to hurt again, and she couldn't help but reach out and rub it a few times.

Hearing this, Ya Molian raised her black eyes with a deep smile. He pulled her down from the chair opposite and put her into his arms. He gently placed his big hands on her belly and began to rub her. got up.

"Does it still hurt? Do you want some medicine?" he asked.

"I'm so angry at you!" Lin Caisang replied angrily.

Aren't you so angry at him? It's such a beautiful world, so beautiful and colorful, and the days are so good, but you actually think that it's normal to take advantage of each other and stab each other in secret?

How terrible that would be!

In fact, she also knew that it was understandable that Ya Molian would think so. After all, he lived in an environment where people cannibalize people. If he was not strong and unable to protect himself, he would only be devoured by others.

It has to be said that there is not only warmth between people, but also mutual use. However, the word "mutual use" can also be divided into two types: goodwill and maliciousness.

Different meanings have different effects.

"Don't be angry, I feel sorry for you.

Ya Molian hugged her tighter to her arms and said.

"Since I met you, I have long abandoned those thoughts. Sonny, I don't know when I started to like you. Maybe it was when I chased you to Hongling Town, or maybe... .."

He paused for a moment, wondering where the many possibilities were. All he needed to know was that his heart was filled with his son.

"Sonny, I really like you and want to spend the rest of my life with you. You have to believe me."

"I didn't say I didn't believe it."

Lin Caisang chuckled and put her hand on the back of his hand.

"I can still tell if a person is really good to me. I'm not stupid, but I'm still angry that you actually want to use me. Tell me, how did you plan to use me before?"

She raised one hand, tapped his chest with her index finger, and asked fiercely with a tigerish face.

"Do you think it's okay to keep you by my side, to love and pamper you, and not to allow you to leave for the rest of your life?" Ya Molian asked her.

"Um....."

Lin Caisang flattened his mouth and squinted his eyes to think for a moment.

"That's about it. I don't have any other requests. However, Ya Molian, after you have me, you are not allowed to find another woman. What I said to Chief Ya and the others before is true. It is not true at all. Didn't mean to scare anyone.

Anyway, if you have another woman, I will slap your ass and leave immediately, and I will never stay for more than a quarter of an hour! "

She raised her index finger that was tapping his chest, put it in front of her eyes, and warned him.

"Silly girl."

Ya Molian chuckled and pressed her head into his arms.

He couldn't bear the pain without her, so why would he go to anyone else? What's more, who could be as good as his son?

"Sonny, I want to finalize our marriage, do you think that's okay with me?"

"ah?"

Upon hearing his words, Lin Caisang immediately took her head out of his arms and stared at him blankly.

"Now? Is it too soon?"

"I'm sorry, now is the right time." Ya Molian disagreed.
