

Star of Space 632

Chapter 632 Did you see it?

"It has been half a year since you and Zhou Liang broke off your engagement. If you don't get married, you will be gossiped about. What's more, if Chief Ya makes a fuss today, everyone in the village will definitely know about you and me.

If we don't get engaged at this time, your grandpa and grandma will not be able to hold their heads high in front of the villagers. "

"this....."

Lin Caisang's cheeks were bulging as he looked at Ya Molian.

What he said is right. Now that the affair between the two of them has been revealed, everyone in the village will know it tomorrow. If the marriage is not settled, everyone will say that Lin Caisang is a frivolous person. And if Ya Molian doesn't come here to propose marriage, she will definitely be talked about.

"Or are you unwilling?"

Seeing that she was silent for a long time, Ya Molian still felt a little uneasy and asked.

"of course not."

Lin Caisang quickly shook his head.

Now that she knew a lot about Ya Mo Lian, and the two of them had made it clear what they needed to say, she was naturally willing.

"It's just... Qing'er and Brother Guman's marriage was just finalized a few days ago. Would it be bad for them to talk about our marriage now?"

"can you?"

Ya Molian asked her back.

Only this girl can come up with such an excuse. Other families want to add happiness to each other. It is normal for two girls to get engaged at the same time. People will also praise the girl in the family for her good family tradition. good.

And she thinks this is not good? Is it really just because of this?

"Sonny, do you have something to say to me? Huh?" he asked.

"Well."

Lin Caisang was choked by his question, and immediately lowered his head with a guilty conscience.

How could she speak? Should she say that she felt that he had told her everything about himself, but she had hidden many secrets? Did she feel at a loss for Ya Mo Lian?

"Okay, I admit, I do want to tell you something. If you don't say these things, I still feel that even if you get engaged, you won't feel at ease."

She raised a hand, wiped her face heavily, showed a bitter face to Ya Molian, and said.

"Do you want to talk about your medical skills? Or your weird ideas?" Ya Molian asked.

"Did you see it?"

Lin Caisang chuckled and pursed his red lips.

"Do you think I am your grandpa and grandma? Do you think that whatever your granddaughter's abilities are, she should be born with them?" Ya Molian raised her hand and tapped her forehead lightly and said.

Lin Caisang: "!!!"

Are her grandpa and grandma really as stupid as Brother Mo Lian said?

They just love their granddaughter. Even if they have any hesitation in their hearts, her status as a granddaughter has been replaced in their hearts. The granddaughter is the most important!

"Then do you want to listen? It's very bizarre. It's not as easy to explain as your family background." She asked him.

"You said it, I'll listen." Ya Molian asked.

"Ahem."

Lin Caisang coughed twice, trying to sound calmer.

"When he was buried alive by the Chen family, the real Lin Caisang was already gone."

Yamolian: "..."

Sure enough, he didn't understand this girl's explanation at all. What does it mean to be gone? What is the real Lincaisang?

"Sonny..."

"Don't interrupt, just listen to me first."

He wanted to ask a question, but was interrupted by Lin Caisang raising his hand, and he immediately shut his mouth.
