

Star of Space 644

Chapter 644 Are you very free?

The Ya clan leader is an old man, how did he do it?

"How dare this old man eavesdrop, even if it's just once, I won't let him off lightly!"

"Do you think he eavesdropped by chance?" Ya Molian asked him coldly.

After listening to it once, you can hear that he only mentioned the fate of Tiansha Lone Star once. Then the luck of the Ya clan leader is better than Son'er. Do you think he will believe it?

Hearing this, Ban Jue's face also froze, and he looked at Ya Molian cautiously.

"What you mean is that he often hides outside the hospital and eavesdrops? But how can he get such a big head? With our efforts, we can't find him outside the hospital?"

With their skills and vigilance, they can sense breathing even if someone is in the Lin family.

"That's what you want to investigate." Ya Molian said.

"Yes, my subordinates will definitely find out."

Exile Jue responded. That old guy, Chief Ya, caused him to neglect his duties in front of the palace master. How could he let this person go?

"Then... Palace Master, what happens after you find out?"

Knowing the fate of his palace master, he must have eavesdropped on many conversations between them and the palace master, right? How can we keep such people? We must get rid of them.

And if we want to remove it, we have to think of a safe way. This is not Jianghu, but Ya Village. What's more, the Ya Clan leader has just had a bad relationship with the palace master and the Lin family. If there is anything bad at this time...

"Just do it the old way.

Ya Molian doesn't have much thoughts on Ya Clan Chief's family now, she said directly.

"Okay, Palace Master, my subordinates will take care of it now." Ban Jue responded.

Since we are going to follow the old method, we have to pick two people. The head of the Ya clan only has one grandson and one granddaughter. Two subordinates are enough. As for people, hehe, he will try his best to pick two people who can scare people. The half-dead subordinates came here!

...

"Isn't Brother Mo Lian at home?"

Ya Yuju hid secretly behind a willow tree, thinking that she was well hidden, and was still muttering there, because after waiting for a long time, no one from Ya Molian's family came out.

"Sister, look at that woman!"

In the courtyard of the Lin family, Lin Changhong stood in the crack of the door and looked at Ya Yuju's sneaky appearance, which made everyone amused.

"The Ya clan leader and his family still want to cause trouble in secret, but even if they want to come out, they shouldn't bring this brainless woman over. She's just here to tease Menzi."

With Ya Yuju's hiding method, who wouldn't see it?

"Brother, are you very free?"

Lin Caisang was sitting in the yard, and there were some medicinal materials on the wooden table in the yard, and she was sorting them out bit by bit.

Hearing his eldest brother's laughter, he asked without raising his head.

"I'm not idle. I haven't even been to Menghuang Mountain yet. I'm busy." Lin Changhong replied.

He didn't go to Menghuang Mountain this afternoon, and he didn't know how the fields there were being cultivated. He was about to plant rice seedlings, and now he felt uncomfortable if he didn't keep an eye on them for a moment.

"I can't get out now."

Looking at the person outside the door, he felt like laughing. It is estimated that people working in the fields can see Ya Yuju's back from a distance. The key is that the woman herself has not noticed it at all.

"If you are too busy, I have a few books here that you can take a look at." Lin Caisang directly took out the several books on mechanical arts that he had copied before from the golden bead space, and put them on the On to the table.

"Collect it? What book is it?"

Lin Changhong's attention was finally drawn back, he straightened up and walked to his sister's side.
