Chapter 654 Then eat it raw

"Mom, please think of a way for me quickly, this won't work, it really won't work.

"this....."

Liu Rumei was also worried. She had nothing in her hand, what could she do?

"How about I go dig some wild vegetables in the fields for her to eat?" she asked.

"Wild vegetables?"

Liu Yushui looked at his mother and couldn't help but frown.

"Mom, I'm not telling you, do you know which one is a wild vegetable and which one is a weed?"

After hearing her daughter's words, Liu Rumei suddenly felt embarrassed.

Originally, when she lived in the village, she could fill her stomach with just a little bit of food in the fields. Now that she was in the field, she also knew that she didn't have that precious life, so long as she could fill her stomach. , you can eat anything, you can eat anything.

But the key thing is that she doesn't recognize those wild vegetables.

"I don't know her, but...she, she must know her, right?" She pointed at the little girl and said.

Hearing this, Liu Yushui also looked at the little girl. Seeing her looking at them with pitiful eyes, he strode over directly holding her belly and picked up her collar.

"Hey, let me ask you, do you know the wild vegetables outside?"

"I....."

The little girl was frightened by the cannibalistic looks of the two people, and because after she was bought back, she heard the conversation between the mother and daughter, as if she was going to give her to this man with a big belly. Very frightened.

At this moment, hearing Liu Yushui's words, he could only shake his head.

She is only fourteen years old. If she is asked to serve others, she might as well starve to death now. Anyway, she will die on both sides.

"You...waste!"

Liu Yushui threw her back into the corner, sighed softly, and looked at Liu Yushui.

"Mom, this definitely won't work. How about... go and see whose sweet potatoes are planted near our house, and go dig some from their house while it's dark."

she suggested.

"This...isn't this okay?"

Liu Rumei hesitated, feeling that her daughter's idea was not good at all.

These days, everyone who grows food is watched carefully. If she goes to steal sweet potatoes and someone discovers her and catches her, then she will really be kicked out of Yacun. Then you will really be homeless.

"Yushui, isn't this good? It would be terrible if we were discovered."

"How can you find out? You dug up the sweet potatoes and buried them with soil. How can people see so accurately when there are so many sweet potatoes?" Liu Yushui didn't care whether others would find out. She only knew that if she didn't eat something, all three of them will starve to death.

She doesn't care whether others starve to death, but she doesn't want to starve to death, and she hopes to enjoy happiness with Zhou Liang in the future.

"What's going on now? If we don't find something to eat, we will all starve to death. Mother, do you know?"

After hearing her words, Liu Rumei was silent for a while and looked at Liu Yushui.

"Then... I'll go take a look, but it won't work. The sweet potatoes you dug must be boiled. Your father's nose is so good, he will be discovered!"

Thinking of Liu Baixiao, she gulped and her whole body trembled, because these days, she had been frightened by Liu Baixiao, she was really scared.

"Then eat it raw, wash the mud outside and eat it. Who cares how to eat it if you are almost starving to death?" Liu Yushui said.

"That...ok!"

Liu Rumei finally nodded, thinking that it would be wrong to be so hungry all the time.
