Chapter 664: Follow me from now on

"Mother, what are you going to do with this little girl?" Ban Jue looked at Lin Caisang and asked.

Liu Baixiao's family is easy to talk to. Just spreading a few words in the village can make their family unable to stand up, but this little girl in front of them...

Not just anyone can come here in the Bamboo House. This is where they discuss things with the palace master.

Now that I have been bumped into by this little girl by mistake, I naturally can't let her leave so easily. Otherwise, what will happen if something happens in the future?

"she....."

Lin Caisang frowned when he heard the banishment.

"Since she has escaped from the Liu family, it is impossible to send her back. Let her go..."

She looked at Ya Molian, and naturally knew that this was unrealistic. If this little girl could come here all at once, it would be impossible for her to have no memory at all. If she appeared in Ya Village again in the future...

"Your name is Feng Luzhi?"

She looked at Feng Luzhi and asked.

Feng Luzhi swallowed, glanced at her secretly, and nodded with lowered eyebrows.

"Let me ask you, where did you go after escaping from the Liu family?" Lin Caisang asked.

"No, no."

Feng Luzhi shook his head.

Where else could she go? go home?

Don't be ridiculous. If she escapes home, her grandparents will sell her again. They will only be happy that a little girl can sell her film twice and make a profit. They will also pray to gods and Buddhas to make her run home more. How many times.

She never wanted to mess with those people at home again.

But if she was left alone outside, where would she go? He was penniless and didn't even have any food in his hands.

When she ran out before, she just wanted to escape from that land of tigers and wolves. She never thought about how she, a little girl, would live after she escaped.

"Since you have nowhere to go, you will follow me from now on." Lin Caisang decided immediately.

"What?!"

Feng Luzhi was shocked when he heard her words.

She followed her, but she didn't even know who the girl in front of her was. What if she was the same person as the previous family, then wouldn't she have just stepped out of the wolf's den and into the tiger's den again?

Her whole body was trembling, and she could only look at Lin Caisang secretly.

"Mother, no, this girl's identity is unknown. Even if you want to keep her with you, you can only take her with you after your subordinates find out the girl's identity."

Ban Jue immediately interjected.

"Sang'er, she came from the Liu family." Ya Molian also reminded Lin Caisang.

With that family's temperament, how could they not come to Sonny to settle the score? I'm afraid there will be trouble again by then.

"It's okay with Liu Baixiao and the others." Lin Caisang disagreed.

Judging from what Feng Luzhi said just now, she should have been secretly bought back by Liu Rumei and hidden at home for a few days. Liu Baixiao probably didn't know about this yet.

If Liu Baixiao knew that Liu Rumei had money but didn't know how to give it to his husband, but bought a maid to serve Liu Yushui and Zhou Liang, he would probably beat Liu Rumei to death, right?

The current situation is that even if Liu Rumei and Liu Yushui were given a hundred courages, they would not dare to make this matter a big deal, let alone...

She looked at the deed of sale in her hand.

"The deed of betrayal is in my hands, so of course I can say whatever I want."
