

Star of Space 666

Chapter 666 What is this?

If I had known earlier, I shouldn't have given that little girl so much to eat last night. Now it's better. After she was fed, she just ran away. What could she do? She no longer has any money to buy a second maid!

"Mom, please stop yelling at me and think of a solution quickly. Why don't you go look outside?" Liu Yushui asked.

"What are you looking for? Can you still find someone?"

Liu Rumei was almost furious with Liu Yushui. She said she was looking for someone, but what would happen if she found someone?

"You are serious. How could the deed of betrayal be left lying around? Even if we get the person back now, without the deed of betrayal, it's still not in vain!"

"Then...then I fell asleep."

Liu Yushui still felt that he had been wronged, so he couldn't help but muttered.

"Didn't I tell you before that I asked you to take away the deed of betrayal? Take it away, but you want to leave it with me. Why do you blame me if something goes wrong now?"

"I....."

Liu Rumei opened her mouth and couldn't say a word.

What could she say? What if Liu Baixiao found out that the deed of betrayal was placed on her?

You know, after she entered the room, Liu Baixiao was very arrogant and he would cause her pain no matter what. If he really found out about Feng Luzhi's contract, she would probably be beaten to death by Liu Baixiao, right?

"Okay, okay, it's too late to say anything now. Zhou Liang is coming soon, so hurry up and get there."

"Mom, will you let me go?"

When Liu Yushui heard her words, he looked at her in disbelief and asked.

"My stomach is still hurting now. If it gets over now, I won't even be able to save the baby!"

"Then what can I do?"

Liu Rumei asked angrily, glaring at her.

"Is it possible that I can go there for you?"

"It's still too late for you to go to town and buy me a maid." Liu Yushui said immediately.

"Where can I get so much money?!"

Liu Rumei's eyes widened and she asked angrily.

All the money she had was used to buy this maid. Where would she have money to buy another one, unless she stole Liu Baixiao's money.

"you....."

Liu Yushui opened her mouth, not knowing what to say, so she could only sit on the edge of the bed.

"What should we do?"

"If you really can't do it, don't go there today." Liu Rumei suggested.

"How about that?" Liu Yushui stood up again.

If she doesn't go, what if Zhou Liang gets angry and doesn't come again?

"Why not? As long as your belly is strong enough to give birth to a boy, are you afraid that Zhou Liang won't come over in the future? He will only happily take you two back."

Liu Rumei said angrily.

"You listened to me right. Just leave Zhou Liang alone for the next few days and let him sober up. Don't worry about yourself. In the end, your son died in your own hands."

"That....."

Liu Yushui also felt that Liu Rumei was right.

"But, someone has to go and tell him. It was originally an appointment, but I suddenly stopped going. What is this?"

"I'll go tell him." Liu Rumei said.

She didn't believe it yet. She, the mother-in-law, went to tell Zhou Liang in person, could he still glare at her?

"Oh well."

Liu Yushui also agreed and did as Liu Rumei said.

...

In the bamboo forest, Zhou Liang walked out with a dark face, cursing in a low voice as he walked.

After Zhou Liang left for a while, Liu Rumei also walked out. She looked around to make sure there was no one there, then she tidied up the mess on her body, straightened her hair, and left. out.
