

Star of Space 67

Chapter 67 Want to make a promise with your body? Actually... not bad

She didn't believe that in Ya Molian's heart, she, a delicate beauty, could not compare to Lin Caisang, a woman as fat as a pig. She was just a little lucky, and she was not fooled by the ignorant people in the village. She didn't believe it was sealed!

"Get out, don't let me see you again!" How could Ya Molian give such a woman a good look?

Ya Nian'er stamped her feet on the spot, turned around, covered her face and walked away. Seeing this, Ya Jin, Ya Sui'er and Ya Po Zhu also walked away quickly, glaring at the Lin family before leaving.

These people are the ones who come out to cause trouble, otherwise, their affairs will be done.

After a while, there were only a few people watching the fun in the yard, and no one saw the silent Lin Laojie in the corner. Otherwise, he would have been treated as a better person.

"Little...little Sangzi?"

Behind Ya Molian, Lin Caisang raised his head speechlessly, looked at the blue sky, and murmured what a neighbor called him, Xiao Sangzi? When did she have such a title?

"I still have little Xingzi, but here's little Plum!" she muttered, curling her lips.

"Are you OK?"

Yamolian turned her head and looked at Lin Caisang.

"cough."

Lin Caisang immediately returned to normal and looked at him seriously.

"What can happen to me?"

What will happen to her? What can Yajin do to her? She is just a woman who only yells and makes trouble. How can she be afraid of her?

"Brother Mo Lian, I didn't expect that the person who saved you would be Cai mulberry. This is really fate. Cai mulberry, that family member in Yahai is Xiao Xiang, Brother Mo Lian, but you are not. Do you want... Let Mo Lian Brother, do you agree with me?"

At this time, another person jumped out and joked with Lin Caisang.

"Brother Enxi, let Brother Molian make a promise to you." Lin Caisang rolled her eyes at him and walked over to her grandpa.

"What do you want to do with your body?"

Ya Molian had an inexplicable feeling about these four words, and stared at Lin Caisang's back with faint eyes.

"Um...Brother Mo Lian, I'm joking, don't take it seriously." Ya Enxi quickly laughed and explained.

Brother Mo Lian has extremely high standards. He can't even look down on a beauty like Ya Nian'er, so how can he look down on the chubby Lin Caisang? It's all because of his mouth. It just needs to be cleaned up.

"Actually... it's not bad." Ya Molian murmured softly.

"What? Brother Mo Lian, what did you say? Nothing is bad?" Ya Enxi couldn't understand what he said and asked.

That's not bad. What Brother Mo Lian won't say is that it's not a bad idea to pledge yourself to him, right?

Thinking of this possibility, Ya Enxi was immediately horrified. Brother Mo Lian wouldn't really be interested in Lin Caisang's movie, right? Not to mention her figure, Lin Caisang is only thirteen years old!

"Mo...Brother Mo Lian..."

Wanting to confirm, in just a flash, Ya Molian had already walked in the direction of Lin Laogan.

"Brother Mo Lian, wait a minute... Hey, isn't that Grandpa Lin? Why is he here to join in the fun?"

Ya Enxi paused in pursuit and looked at Lin Laogong.

Lin Laogeng, who was originally quite strong in his impression, has become so thin that there is only a layer of skin covering the bones. After all, it is because he has not seen the sun all day long, and he is also a miserable person.

"Grandpa Lin, why are you here?" He walked over and asked Lin Laogong.

"I just heard some noise here. Come over and have a look. Just hope Mo Lian is fine."

Lin Laogan explained, then looked at Ya Molian with a smile. He hadn't seen Ya Molian much since his leg was broken, and he looked much stronger than before.
