

Star of Space 681

Chapter 681 What else can you say?

"So what? Can we still be afraid of them?" Lin Caiqing raised his chin and said very imposingly.

Suddenly, a hand fell from the sky, with two fingers bent, and hit her head directly, making a 'knock' sound.

"Ouch!"

She quickly raised her hands, covered her head, and looked at her biological father unconvinced.

"Dad, why did you hit me?"

"If I don't beat you, you won't even know your last name!" Lin Baiyi said to his daughter angrily.

"I....."

Lin Caiqing was a little unconvinced, but she also thought that since everyone agreed with Sister Sang Sang's decision, it was definitely not unreasonable.

"Qing'er, we are not afraid of others, but we still have to guard against others doing tricks in secret. Do you think we have only a few mouths in our family, can we speak louder than so many people in the village?"

Lin Changfeng looked at his own sister and reminded him.

"Everyone needs water now. Naturally, they will do whatever we say. But after the water is used up, who wants to send their money out? As long as there is a little rumor, you will be criticized. If not, they would then think that Sang Sang was taking advantage of the situation and robbing them of their money without conscience.

At that time, even if we have a hundred mouths, we will not be able to clean up our words.

"No way, we saved everyone, but they still dare..."

Lin Caiqing opened her mouth slightly, a little unbelievable, but before she finished speaking, she felt in her heart that it was really what happened.

"It's really possible."

"So, let alone the small amount of money, no matter how much it is, we can't keep it for ourselves, unless we want to be drowned in saliva." Lin Changfeng said.

If it was said that in the past, when their family had no money and they were starving with the others, the money would be accepted and no one could say anything.

But now, everyone knows that his family Sangsang has opened a shop in the county. If he continues to collect these few dollars, won't those who are interested quickly use this matter to cause some trouble?

What's more, just as Sangsang said to Patriarch Lin before, put this money elsewhere to build houses for the elderly in the village, repair the school, and pave some smooth roads in the village.

In this case, who in the village can say anything?

"I was worried before about whether I should collect the money. Sangsang, if you do this, no one else will dare to say anything." He said to Lin Caisang.

"Of course I can't let anyone take advantage of me," Lin Caisang said.

She could still figure this out. Not to mention other people, it was the former step-elder of the Ya clan. With his sharp and mean look, if something didn't happen, he would be sorry for his surname.

"Also, grandpa, grandma, third uncle, third aunt, Brother Changfeng, you must remember that no matter who in the village comes to ask you to waive a penny for this day, you can't agree. If there are two, then there are three. If one person does not accept money, it will not be fair to others. "

"Sang Sang, you can rest assured. Grandma will not hold you back. If you don't get money, don't use water." Lu Qiubo said decisively.

"this....."

Lin Laogong opened his mouth and wanted to say something, but was interrupted by Lu Qiubo.

"It's the same for everyone, especially Liu Baixiao's family!" Lu Qiubo said.

Lin Laogong: "..."

What more could he say? Can't do it?
