

Star of Space 682

Chapter 682 Hold on to this scene

Forget it, Liu Baixiao, this son, is indeed unfilial. Even the old woman in his family has said so. From now on, he will not be able to care about Liu Baixiao's family's affairs.

Just let them be.

"Sang Sang, you don't have to worry about water. You should go to Mo Lian's place and take a look. He is probably busy. If you can help, go and help. If you really can't help, just go and stand there and watch. It's fine, but it's hard for people to say you're not even allowed to see me."

he said.

"good."

After hearing what Grandpa said, Lin Caisang thought about it and thought that was the case.

"Sang Sang, grandma will go with you to take a look." Lu Qiubo also stood up and said.

"Mom, I..."

When Yang Lin saw Lu Qiubo standing up, he was about to stand up as well, wanting to follow him.

There are always a few people from the mother's family who accompany Sangsang. According to the rules, they should be aunts and sisters-in-law, so she should also go over to help.

"Alin, just don't go there, just let Baiyi pass." Seeing that she was about to stand up, Lu Qiubo quickly stopped her.

Yang Lin: "..."

She hasn't stood up yet.

"Arin, you and Qing Yatou should go to Menghuang Mountain. There are a lot of things going on there, and you can help. The place at Mo Lian is crowded and not safe." Lin Baiyi also said quickly.

As long as you gather wild fruits on the deserted mountains, you can do it while sitting or standing.

But the yard of Yamolian's house is busy preparing dishes and so on, and the place is still small. What if it gets hit? He'd better take it easy.

"Then...let's do it."

Yang Lin also thought that was the case and nodded.

"Grandma, Third Uncle, I won't go there, let Brother Changfeng go there with you." Lin Changhong said to them.

After tomorrow, he will be Ya Molian's brother-in-law. Even if he wants to help, he will have to act like a brother-in-law to support his precious sister. He can't just rush over when Ya Molian calls. .

What's more, no one in Yamolian has asked him to help.

"Well, just follow your third aunt to Menghuang Mountain, and take your grandfather with you." Lu Qiubo said.

...

Ya Molian's house.

In fact, she said she was here to help, but there really wasn't much to do. Even Ya Molian herself was idle.

Several people who were busy in the yard saw Lu Qiubo coming with Lin Caisang and hurriedly shouted to Ya Molian who was standing by the hut.

"Mo Lian, Grandma Lu is here with Sangsang. Stop standing there and come here quickly."

Hearing this, Ya Molian withdrew her gaze from the hut, looked at Lin Caisang, and then saw Lu Qiubo and others.

"Grandma Qiubo, Uncle Baiyi, you are here, please sit down in the room."

"no, I'm fine."

When Lu Qiubo saw that he was about to go to the main room to meet him, he quickly stopped him.

"We are here to help. Where can we sit? Baiyi, Changfeng, what are you two and a half standing around doing? Why don't you go help quickly? There are still many things going on in this yard."

"Hey, okay."

Lin Baiyi nodded and led Lin Changfeng towards the kitchen.

When everyone who was busy saw this, they quickly stopped what they were doing and pushed the two of them out again. Anyway, they were just polite to each other. It was like this. How could the new wife's parents-in-law be allowed to do the work?

"Grandma, there is a deer that Brother Molian just caught in that hay shed. Do you want to take a look?" Lin Caisang ignored them and asked his grandma.
