Chapter 688 A hot potato

She won't take the risk!

"Mom, you said it yourself, then Lin Caisang is a fox. What should Zhou Liang do if he sees her now and is fascinated by her?"

"this....."

Liu Rumei paused, pursed her lips and stopped talking.

After a while, she thought of another idea and spoke to Liu Yushui.

"Then how about asking Zhou Liang to come to our house and tell your father that he bought Feng Luzhi for you, and let your father go and ask for it? Although your father is not good to us, he is not someone who will suffer. If you know that Feng Luzhi belongs to our family, you will definitely try to get her back, what do you think?"

"This is even worse.

Liu Yushui rejected her proposal again.

"My father is a bully and fears the strong. Facing Lin Caisang, he might soften after just a few words. He will be so frightened that he will tremble all over. Can he get it back? Besides, Feng Luzhi even stole the deed of betrayal. , maybe it's Lin Caisang's body now.

What if Feng Luzhi tells Lin Caisang what we bought her for? When my father goes to ask for it, what should I do if Lin Caisang tells my father directly? Will we still have good fruit to eat? "

"This won't work, that won't work either, so what should we do? We can't take advantage of Lin Caisang, right?" Liu Rumei asked.

She spent all her money to buy Feng Luzhi back. Now she wants to give Lin Caisang a discount. How can she swallow this sigh of relief?

"If you let me think about it again, there will definitely be a way." Liu Yushui said calmly.

Feng Luzhi is now a hot potato for them. If they forcefully get her back, Liu Baixiao will definitely be suspicious by then, so it would be better to stay with Lin Caisang.

She can think about it carefully, maybe she can use Feng Luzhi to drive a wedge between Lin Caisang and Ya Molian?

Huh, that Ya Molian and Lin Caisang just made an appointment and made it seem like they were getting married. They also held so many tables. If these two people get married in the future, their lives will definitely get better and better.

Lin Caisang, that bitch, how could she allow her to live a better life than herself? This was absolutely not allowed.

"Then you should think of a solution quickly."

Seeing her saying this, Liu Rumei urged her again.

"Tell me, there are so many things going on at home now. If I can get that girl back, I can still help my mother. Starting tomorrow, I will go to the barren mountain to fetch water. How can my mother, a weak woman, be able to do this? If that girl is still there, you can let..."

"Mom, have you said enough?"

Listening to Liu Rumei's thoughts, Liu Yushui felt a sigh of relief.

Doesn't she want that bitch Feng Luzhi to come back? If Feng Luzhi hadn't run away, would she still be holding her stomach and enduring the pain to do the housework at home? I had already left it to Feng Luzhi.

But that girl has already run away and stolen the deed of betrayal. What can she do?

"I'm just talking." Liu Rumei pursed her lower lip and muttered.

She is in a desperate situation now, her money is gone, and her people are gone. Shouldn't she be allowed to say something happy?

Not to mention that she was feeling panicked!

"Mom, let me tell you, that Feng Luzhi will definitely not come back. Her bond of sale must now be in Lin Caisang's hands. Otherwise, how could Lin Caisang keep a free girl here? Where is your side?"

Liu Yushui said.
