

Star of Space 689

Chapter 689: Not as good as the Lin family!

If Feng Luzhi had not handed over the deed of betrayal, how could Lin Caisang keep her by his side?

Men like the new and dislike the old, and Feng Luzhi's face is not bad at all. Wouldn't Lin Caisang worry that keeping such a little girl by his side would take away the soul of his fiancé? 6

Therefore, the reason why Lin Caisang is so relieved now must be because of the selling contract!

"What should we do?"

After hearing her daughter's words, Liu Rumei became angry.

According to this, Feng Luzhi can't be brought back? Are you really going to get Lin Caisang's advantage in vain?

How does this happen?

"let me think again.

Liu Yushui didn't tell Liu Rumei what she thought, she got up and went back to her room.

She also made an appointment with Zhou Liang this afternoon to meet in Xiaozhulin. Although Zhou Liang didn't need to come forward about this matter, she still had to mention it to Zhou Liang to let Zhou Liang know what Lin Caisang was, and she wouldn't do anything about it in the future. I would like to meet Lin Caisang.

"Yu Shui, Yu Shui."

Liu Rumei called out twice, but did not call out to Liu Yushui, but just snorted heavily.

"No, how can you take advantage of the Lin family?"

The girl she bought with money was supposed to be here to serve her, but now she is serving Lin Caisang in the Lin family. Isn't this a huge loss?

"Even if you don't return her, you still have to get back the money you spent to buy the girl. I'm not the kind of person who does business at a loss!" She gritted her teeth and said to the air.

She thought that after Liu Baixiao came back, she would go to Lin Caisang and get the money back!

...

By the way, Liu Baixiao came out of his yard angrily and ran directly to the Lin family.

But there was no one in the courtyard of the Lin family, and the courtyard door was closed tightly. He knew that this family must be on Menghuang Mountain. Although he rarely came out these days, he also knew that Lin Caisang was working on Menghuang Mountain. Dried fruit thing.

I heard that I even opened a shop in the county and the business was doing very well.

Thinking of this matter, he became even more angry. He was eating braised vegetables at home, while people like the Lin family were making a lot of money and enjoying good food and drink outside!

Each of these people are cold-blooded and ruthless people. He is their relative, Lin Caisang's second uncle. He has money but does not know how to help this poor man. Today, we must settle old and new scores together.

However, before settling the accounts, the water issue must be discussed first!

"If you're not at home, then I'll go to Menghuang Mountain and see how you can avoid me!"

Standing in front of the Lin Family Courtyard and muttering something, he turned around and wanted to go to Menghuang Mountain.

However, as soon as he took a step forward, he heard a familiar voice coming from the yard of Yamolian's house. He paused and his ears immediately stood up, listening carefully.

"I wonder where they all went, but they turned out to be here!"

The shouting voice just now was clearly his third brother Lin Baiyi. It seemed that they were helping out at Ya Molian's house.

He had forgotten that Lin Caisang and Ya Molian were getting engaged tomorrow. Today, several people from the Lin family should help out at Ya Molian's house.

"It's so disgusting. Lin Caisang is such a naughty girl. I am her biological uncle. She did such a good thing as eating a banquet without thinking of me. She didn't even inform her. This little thing Ya Mo Lian is also vicious. Even Lin Caisang's relatives won't be called. People like this will definitely not be as good as the Lin family in the future! "
