

Star of Space 699

Chapter 699 Feeling a bit crazy but not crazy

...

In the small bamboo forest, Liu Yushui waited for a long time before seeing Zhou Liang slowly coming over.

"Brother Liang, why did you come just now?"

Seeing him, Liu Yushui rushed up to him, hugged his arm, and asked softly.

These days, she could clearly feel that Zhou Liang was less interested in her. At the beginning, Zhou Liang came first every time. Now, she has to wait for Zhou Liang in the small bamboo forest for a long time.

Today, she had been waiting in the bamboo forest for half an hour before Zhou Liang came.

"Yushui, your belly is more than seven months old, right?" Zhou Liang glanced at her belly lightly and asked.

"yes."

Liu Yushui nodded.

"In more than two months, Brother Liang will be able to marry me. Brother Liang, I can feel it. This one in my belly must be a son. I heard from the women in the village who have given birth to sons. , it must be accurate."

There was a faint sense of crisis in her heart, so whenever she saw Zhou Liang these few times, she would mention the word son in front of him.

"Well, that's good." Zhou Liang nodded.

"Yushui, I mentioned things about you and me to my mother a few days ago..."

"Really? What did aunt say? Did she agree?"

When Liu Yushui heard this, she was immediately happy and hurriedly asked Zhou Liang that as long as Mrs. Zhou agreed to her and Zhou Liang's affairs, she would definitely become the granddaughter-in-law of the Zhou family.

"Then when will we get married? Has the date been decided? Brother Liang, let me ask you a question. What did Auntie say?"

Zhou Liang looked at Liu Yushui and felt a little worried after hearing what she asked him.

Sighing lightly, he couldn't help but hesitate, how could he tell Liu Yushui about the matter at home so that she could give birth to this child to him with peace of mind?

"Yushui, you see that your life is not good now. My mother means that after the child is born, he will be brought to our Zhou family to raise him. Don't worry, my mother only has one grandson. He will definitely Treat him well."

After hesitating for a while, he said to Liu Yushui.

After hearing his words, Liu Yushui's face froze, and the bad premonition in her heart was instantly amplified, and the joyful mood before was nowhere to be found.

"Brother Liang, what do you mean?"

Did she hear it wrong, or could she have misunderstood it? Zhou Liang was talking about the child in her belly, just the child, not her?

"Did I hear wrongly? Brother Liang, will you marry me? Right?"

She swallowed and looked at Zhou Liang nervously, holding his arms tightly with both hands. Her expression seemed to be a bit crazy, as if Zhou Liang answered no, she would be desperate. .

"Yushui, don't do this."

Zhou Liang felt uncomfortable looking at her like this.

Regardless of whether Liu Yushui is of use value now, she is still the woman he has been with, and he is not completely devoid of feelings for her.

"Look, is this good? After you give birth to the child, I can buy you a house in the county for you to live in. You can still live the life of a young lady. As for this child, you must still take it back. He is raised by the Zhou family, and he is definitely not allowed to follow you outside. "

"This is my child, why is it following me outside?"

Liu Yushui threw Zhou Liang's arm away and looked at him with wide eyes, full of disappointment towards Zhou Liang.
