

## Lucky Star of Space on Farmlands

### Chapter 7: I didn't pass the exam for this subject...

"Look at that boy from the Zhou family, every time he came to our house, his eyes were not pointed towards the sky. Has he ever paid attention to our Sangsang? If our Sangsang married a boy from the Zhou family, she would still be able to enjoy happiness. Are you just going to suffer hardship? And..."

He paused for a moment and looked at the bowl of rice in his hand.

"Old lady, do you think that a person from Baixiao's family could do what happened today?"

"You...what do you mean?!"

After hearing his words, Lin Lu's face suddenly turned bad and she narrowed her eyes.

"That villain actually wanted to steal Sangsang's marriage!"

"Why.

Lin Laogan shook his head at Mrs. Lin Lu and sighed.

It's all my fault. I raised such an unfilial son and named him Baixiao. How on earth was he so filial? This name is the biggest irony to him!

"I'm afraid Sangsang also knows about this. It's just that she is filial and doesn't want us to embarrass her because of my second son, so she doesn't dare to tell you directly in front of you. So, old lady, Sangsang's kinsman, please retreat."

"No, we can't just back out."

Lin Lu gritted her teeth, unable to swallow the bad breath in her heart.

"They dared to plot against Sangsang like this, and even brought Sangsang to a close... I can't let them get what they want. This time... we can't just let it go!"

"Then what else do you want?"

Lin Laogen asked his old lady calmly.

"The longer this marriage drags on, the worse it will be for us, Sangsang. Old lady, you have to know that the boy from the Zhou family is going to take the provincial examination soon, and he will be the candidate for the imperial examination."

"It's just because he's going to take the imperial examination and wants to kick our Sangsang away like this, so he can't do what they want!" Lin Lu said bitterly.

"As he wishes?"

Lin Laogan did not refute Lin Lu's words, but spoke quietly to himself.

"Say, if we cancel this marriage, this boy from the Zhou family will not be able to pass the examination if he is not careful and will not be admitted to the Juren Examination..."

I have to say that although Lin Laogong looks honest and honest, he is very sinister on the inside.

Lin Lu: "..."

It's really possible. Before Zhou Liang got engaged to her family's Sangsang, wasn't it heard that he was just an ordinary scholar? Maybe he was actually a scholar who got admitted through Sangsang's luck.

"It's thanks to our arrogance that we, Sangsang, can cross the river and destroy the bridge now! Okay, that's it. When the weather clears up, I will personally go to the Zhou family with gifts to cancel the engagement!"

Even if they want to break off the engagement, it should be their family's decision to do so. They can no longer let the Zhou family treat them as human beings. This time, they will definitely not let Zhou Liang get any benefits!

...

The next day was a sunny day, but the yard was still muddy. If you wanted to step outside, you had to wear straw sandals. In this early spring, which is not yet warm, it can freeze people's limbs and toes.

But on this day, Lin Changhong pulled up his third uncle Lin Baiyi, who looked depressed because he didn't get any work yesterday. The two of them went out before dawn and just said hello to the sleepy Lin Lu.

Lin Caisang slept well last night.

She could hear the sounds in the yard clearly. Lin Changhong, the eldest brother, was extremely doting on her. No matter what she said, he would believe it, whether it was right or wrong, good or bad.

So I took the people out early in the morning.

If her prediction was correct, the Zhou family should have heard the news about her, Lin Cai Sankefu, from Liu Rumei's mouth last night.
