

Star of Space 706

Chapter 706 What do you mean?

"Grandma, time waits for no one. If you wait a moment longer, Liu Yushui will be in more danger. Brother Mo Lian, you are in the yard, please ask a few aunts to help you boil some hot water, and..."

After giving Ya Molian a few words, she went directly into Liu Yushui's room, regardless of whether Lu Qiubo was still hesitating.

"ah!"

At this moment, Liu Yushui's face was covered in cold sweat, and her red lips had been bitten to bits, with little blood stains on them.

"Give me your hand."

She directly grabbed Liu Yushui's hand holding the sheet and took her pulse.

"Sangsang, why did you come in? Get out quickly."

There were two kind-hearted women in the room who had been looking after Liu Yushui. When they saw Lin Caisang coming in, they quickly asked her to get out.

"Why are you so ignorant? You are getting engaged tomorrow. If Mo Lian sees you coming in here, what if..."

"Don't worry, aunts, it was Brother Mo Lian who asked me to come in."

Lin Caisang glanced at them and knew that they meant well, so he just explained without saying anything more.

"Mo Lian asked you to come in?"

When the two aunts heard her words, they were both stunned.

She thought to herself: I didn't expect that Ya Mo Lian, who looks so cold and evil, would still care about his wife so much. Everything is done by Lin Caisang. Lin Caisang is really a lucky person. .

"Um."

Lin Caisang responded.

"Aunts, please tidy up this room. It's so messy. You'll trip over things on the floor when you walk around."

She glanced at the ground and saw that her clothes were scattered in a mess. She didn't understand why Liu Baixiao turned Liu Yushui's room into such a mess even if he ran away.

"well."

The two aunts heard her words and hurriedly responded.

"This Aunt Bai is so inhumane that she refuses to deliver the baby. This is a living human life."

While picking up things, one of them whispered softly.

"Who says it's not the case? When my wife went to invite her, it was fine if she didn't come. But this time, the third son of the Lin family went to invite her in person and refused to come. Are you still afraid that the Lin family won't give her any money?"

Another aunt also said.

"Aunt Bai, she just fell into the eyes of money!"

Aunt Bai, the midwife in their village, was very snobbish. She would ignore any family that didn't have money. Because of her ability, she thought she was the first in their village.

On the other side, Lin Caisang didn't have time to chat with the two aunts at the moment. He suddenly loosened his hand on Liu Yushui's wrist, then turned to look at Liu Yushui's belly, stretched out his hands, and started to press it gently.

"Ah...Lin Caisang, what are you going to do?!"

Liu Yushui was even more painful from being pressed by her. Her eyes, which had already turned scarlet, stared at Lin Caisang as if she wanted to eat someone.

"Liu Yushui, since you became pregnant, haven't you gone to a doctor to check your pulse?" Lin Caisang asked Liu Yushui without arguing with her.

"I....."

Liu Yushui gritted his teeth and was almost made angry by Lin Caisang.

"Where can I find money from the doctor?"

All the money in the family is in the hands of her father, and he won't give her a single copper. Where is she going to get the money and find a doctor? In this family, having enough to eat is already good.

Hearing this, Lin Caisang sighed heavily.

"What do you mean, Lin Caisang?"

Now she felt pain all over her body and really wanted to die.
