

## Star of Space 709

Chapter 709 Only gave her one word

She said quickly, and while talking, she was about to go to Liu Yushui's room.

Little did she know that before she even got close to the room, she was blocked by two men. She took a step back and looked at Lin Changhong and Ya Molian.

"Changhong, Mo Lian, what...are you trying to do?"

"Aunt Bai, I won't bother you here. You should just stay wherever it's cool now." Lin Changhong said to Aunt Bai politely.

This old man forced his sister to deliver Liu Yushui's baby. Her sister was not married yet, and the engagement was only tomorrow. How embarrassing it was to say this.

How could he swallow this breath? Today he has made this old thing cheaper. In the future, he will look for this old thing and calculate it back bit by bit.

"you....."

Aunt Bai had a bad breath stuck in her throat and almost died of anger.

"Mo Lian, Changhong is young and is confused. You can't be confused. Liu Yushui was born prematurely. If something happens, the whole Lin family can't afford it. You'd better get out of the way."

She looked at Ya Molian and persuaded.

"Besides, you are almost engaged. In the future, your wife will be pregnant with a baby, and you will have to leave this matter to me. Now... haha."

As she spoke, her voice became completely threatening!

Ya Molian stared at Aunt Bai with cold eyes, opened her thin lips lightly, and gave her only one word.

"roll!"

"you--"

Aunt Bai was really angry with these two people.

Since she couldn't talk to them, she could only turn around and look at Lin Laogong and the others.

"Clan Leader Lin, you old guy, look at..."

"It's born, it's born."

Before she finished speaking, she heard a voice coming from the room.

Aunt Bai was startled when she heard the voice. She turned back to look at the closed door, with some disbelief in her eyes.

"Sister, gave birth?"

Isn't Liu Yushui's body just over seven months old? Even if she gave birth, she shouldn't have made such a joyful sound. Shouldn't she have given birth to a stillborn fetus? Can he still survive?

Just when she was filled with doubts, the door was opened and a woman came out.

"Uncle Geng, congratulations on the birth of your great-granddaughter. You were supposed to bring her out to show everyone, but Sangsang said the baby was too young to be blown away, so she didn't bring her out."

"How are you doing, my lord?"

Lin Laogong breathed a sigh of relief, but then asked again.

"My lord, you're fine, you're still alive. Don't worry, Uncle Geng." After the woman said this, she turned around and went in, closing the door.

"Still alive..."

Aunt Bai was so shocked by the woman's words that she almost sat on the ground with weak legs.

First, Liu Yushui has already given birth to a baby girl, but she is still giving birth!

They were twins, and they were premature babies. She missed something that she could brag about for the rest of her life. She really regretted it and wanted to give herself a slap in the face.

Second, the person who delivered Liu Yushui's baby was actually not Lu Qiubo, but Lin Caisang!

How is this possible? How old is that girl? How could she do such a thing? Who did she learn it from? Who taught her?

Moreover, Ya Molian is here. Aren't they going to get engaged tomorrow? He is actually willing to let his fiancée do such a thing? No wonder Ya Molian came out to stop her just now.
