

Star of Space 711

Chapter 711 Who did you make wait?

Liu Rumei knew that Liu Baixiao was looking for Liu Yushui, and that no one in this family could be trusted, so she took care of everything and ran away.

"In this case, Liu Qingshui can no longer run away, and must keep a close eye on him!"

The Liu family is now a military household. If Liu Qingshui runs away because she wants to avoid military service, and Liu Yushui has no money to accommodate, she and her two children will definitely commit a serious crime because their relatives have deserted and will be imprisoned.

Those two little girls were born prematurely and were very weak. How could they withstand such torture?

"Um."

Ya Mo Lian is naturally aware of this.

"Someone will come over the next day. When the time comes, let Ban Jue inform him and just take Liu Qingshui away with him.

"That's it."

Lin Caisang sighed lightly.

She has always been thinking about Liu Baixiao's family, always worrying about not keeping up with changes, and it has never been in her mind.

Now it seems that it is true that after such a commotion, only Liu Yushui and two children are left in the Liu family. I don't know how Liu Yushui will live this day.

"Do you still want to help her?" Ya Molian looked at her face with sympathy and asked involuntarily.

Lin Caisang: "..."

Although Liu Yushui is quite worthy of sympathy now, how is it possible for her to sympathize with someone who has harmed her countless times and spend money to kill her?

She took action just now because of the two children in Liu Yushui's belly, okay?

"I'd better save it.

She shook her head and said.

...

The next day, the yard of Ya Molian's house started to get busy early in the morning. Because there were not enough tables, chairs, bowls and chopsticks, the banquet was set for lunch and evening, and people from the village took turns to come and eat.

Everyone from the Lin family has arrived, and even a few people from Menghuang Mountain, Zhong You and Feng Luzhi, have come down to help.

In this way, the manpower is not enough.

Yamolian first took the matchmaker invited from the town to deliver a pair of deers caught by herself and other betrothal gifts to Lin Caisang's house after being witnessed by the elders in the village, and then took everyone with her. We came to our yard together.

"Sooner or later, I will make them pay back all the pain they inflicted on me!"

Watching a group of people entering Ya Molian's house, listening to the faint voices, all of them had smiles on their faces. At this moment, the woman standing not far away is the granddaughter of the head of the Ya clan. The fragrance of cliff chrysanthemum is hiding a face, sitting under a banyan tree.

These days, she and her family were living an unnatural life. They were constantly watched by two people while eating and sleeping, and they had to be careful whether they would hear them even if they said a word.

That man was so ugly, and she was forced to marry him. She was also forced by her grandfather to have children for such a man.

How could she forget this grudge? When she gains power one day, she must return Lin Caisang and Ya Molian back.

Especially Lin Caisang!

If it weren't for her, how could her brother Mo Lian be so cruel to her? As long as she kept trying, she would definitely be able to move him. However, Lin Caisang, that vixen, stepped in and made her the happiness she was about to get. Ruined!

She must get this debt back!

"Lin Caisang, wait!"

"Who did you keep waiting?"

Suddenly, an eerie voice came from behind, which frightened Ya Juxiang to the point where her hair stood on end.
