

Star of Space 713

Chapter 713 Did you have the final say?

"You have become more capable. It seems that you haven't learned enough these days, and you still dare to go to the master's house to cause trouble?" Yunxiang glared at Yajuxiang with a maniacal look, looking her up and down.

"Believe it or not, I will kill you right now and make human meat buns for your family to eat!"

"No, no, I, I didn't... didn't go."

Yajuxiang was scared. After these days of lessons, she knew that Yunxiang was more terrifying than Yunmo, and it was true that she could do it.

"Miss Yunxiang, please calm down. Juxiang already knows she was wrong. She will never dare to do it again." As soon as Yamu came out of the kitchen, she saw her daughter being pinched by Yunxiang and ran over in a hurry. , knelt down to plead for his daughter.

"snort!"

Yun Xiang snorted coldly, threw Ya Ju Xiang away and looked at Yun Mo.

"Brother, Master, over there..."

"My master doesn't know that this bitch was brought back by me before he came to his home," Yun Mo said.

However, he believed that if he had not appeared, Ya Juxiang would have rushed to the palace master's house with his mind. By then, they would not be able to escape the crime of dereliction of duty.

"Xiang'er, if anyone from this family dares to go out without our permission in the future, we will have their legs broken and dragged back!"

He looked at Yajuxiang and said coldly to Yunxiang.

"hiss!"

As soon as Chief Ya, Father Ya, and Ya Yulan walked out, they heard Yun Mo Qingqing's voice and immediately gasped.

"Master Yunmo, this... this can't be done. Juxiang is your daughter-in-law, and she will give birth to your child in the future. She must not let anything happen to her." Chief Ya said quickly.

However, his words only received a cold glance from Yun Mo.

"Do you need your feet to give birth? It's enough to have a belly." Yun Mo said quietly.

"If this woman dares to run out again, I will break her hands and feet directly so that she can never get out again! As for the child, who wants to have a child with such a woman? Who is she?"

Hearing this, everyone in the Ya family fell silent.

"Brother, please take her back to the room and teach her a lesson. Otherwise, we can't predict what she will do in the future." Yunxiang picked up Yajuxiang and threw her to Yunmo's side. .

It seems that Ya Juxiang's lesson for daring to sneak out under the eyes of the two brothers and sisters was not enough.

"No, I don't want it."

When Ya Juxiang heard Yunxiang's words, she screamed in fear, shook her head, and ran behind the Ya clan leader.

This Yun Mo is simply not human. As long as she makes the slightest mistake, she will be beaten all over her body black and blue, but after putting on clothes, it is impossible to tell in front of outsiders.

Let her want others to see it, even if she wants to avenge her injustice.

"You don't want it? Is this what you said?"

Yun Mo grabbed Ya Juxiang and carried her into his room regardless of her resistance.

"Grandpa, save me, I don't want to be taken back by him." Ya Juxiang cried so hard that she turned her head and asked for help from her grandfather.

But what can I do? In front of the Yunmo brothers and sisters, the Ya clan leader is like a mud Buddha crossing the river, so how can he save his granddaughter? No matter what he does, he can only secretly plan to drive Ya Molian and Lin Caisang out of the village to save face.

But all the previous ideas were ruined because Lin Caisang handed over the collected money to Patriarch Lin. Now he has no way to deal with Lin Caisang and Ya Molian.
