Chapter 714: Drug me to death, you old guy!

"Juxiang, listen to Young Master Yun Mo and don't anger Young Master Yun Mo again." He could only advise his granddaughter.

Ya Juxiang was taken away by Yun Mo while crying. Ya Yulan watched his sister being taken away and sighed heavily in her heart. She knew she couldn't do anything but still had to seek death. How could he have such a sister?

"Yunxiang..."

"What are you guys looking at there? Why don't you go to work?"

Just when Ya Yulan wanted to say a word to Yun Xiang, she heard her yell. Although Ya's father and Ya's mother were worried about their daughter, they had to listen to Yun Xiang's words and continue to work.

Ya Yulan, on the other hand, just sighed again and followed suit.

"Miss Yunxiang, my Yulan..."

Chief Ya saw his son and daughter-in-law leaving. After hesitating for a while, he looked at Yunxiang and planned to make friends with her.

Yunmo is a man, and having three wives and four concubines is not a big deal. It is normal for his granddaughter to be unable to coax her. But Yunxiang is different. She is from a girl's family. Even if she is married to his Yulan, she belongs to their Ya family. People.

Although she still obeys Ya Molian's orders, if one day she becomes pregnant with their Ya family's great-grandson, she will definitely obey his family's Yu Lanyan.

If he establishes a good relationship with Yunxiang, maybe he can use Yunxiang to deal with Yamolian in the future?

"Old guy, what do you want to say?" Yunxiang sneered and looked at Chief Ya.

"Well...Yunxiang, I just want to ask, is my Yulan still...okay to you? If he dares to treat you badly, just tell me and I will teach that brat a lesson."

Chief Ya asked Yunxiang, licking his face with a fawning smile.

"laugh!"

Yunxiang sneered again.

"Old guy, do you think I don't know what you are thinking? I'm warning you, if you let me see you interacting with that old guy Ya Ji again, I will go directly to the town to get a poison and kill your heart. Vicious old thing!"

After saying that, she turned around and left.

"you--"

Chief Ya was so angry at her words that he secretly grinded his teeth.

But, what can he do with these brothers and sisters? I can only do it slowly.

Anyway, there are only two of these brothers, how can they manage so many people in their family? There's always a time when you can't take care of yourself, right? He can see Yaji whenever he wants.

However, he thought wrong.

Not long after, Chief Ya saw Yunxiang coming out of her room, holding a copper bell in her hand.

After going to the utility room to get a hammer and an iron nail, he hung the copper bell outside the courtyard door, and then closed the courtyard door again.

‘Ring, ring, ring.’

When the courtyard door was closed, the sound of the copper bell was heard, which stung Chief Ya's eardrums. He swallowed, grinded his teeth again, and felt a bad breath stuck in his chest.

Yunxiang installed the copper bell outside like this. As long as someone opens the courtyard door, the bell will ring.

Yun Mo and Yun Xiang will hear whoever goes out as a family in the future.

After watching Yunxiang glare at him, he turned around and went back to his room. Chief Ya was so angry in his heart. He could still hear Ya Juxiang's wailing sound coming from the room. He could only grit his teeth and shake his head. Xiu Xiu went to find his grandson.

...

In the kitchen, Ya Yulan was still selecting vegetable leaves. When she saw her grandfather coming in, she just glanced at him and continued her work.
