

Star of Space 716

Chapter 716 It's really useless

If his grandfather hadn't said in front of Ya Juxiang that he should marry Lin Caisang, how could he have married Yunxiang?

Just marry him now. Although Yunxiang looks a little ugly and has a cruel temper, at least she really hasn't done anything to him.

Except after getting married, he was bewitched by his grandfather once and wanted to marry her as husband and wife, but she beat him up. After that, he woke up and knew what kind of stupid thing he had done.

Then, as long as he was safe and sound at home, Yunxiang really didn't let him suffer any harm, and sometimes she even helped him a little.

"you--"

When Chief Ya heard what his grandson said, he was so angry that he almost fainted.

"You unfilial thing, isn't grandpa doing this for you? Anyway, listen to grandpa and let Yunxiang get pregnant with your child as soon as possible. Do you know it as soon as possible?"

After saying that, he turned around and went out.

Seeing him go out, Ya Yulan exhaled heavily.

"Yulan, your grandfather's words are actually..."

"Dad, do you want to commit suicide like Grandpa and Ju Xiang?"

Hearing that her biological father actually wanted to speak for her grandfather, Ya Yulan frowned, looked at him with extreme displeasure, and asked.

"this....."

Father Ya was speechless for a moment.

"Master, you can't be confused with dad. Juxiang found it on her own and can't blame anyone. But we, Yulan, are innocent. Didn't this all happen to dad and Juxiang?"

Yamu came over from the stove and reminded her husband.

"Look at your father, what kind of life is our family living now? He still wants to deal with Ya Molian and Lin Caisang, but you don't want to see if he has the ability? Knowing that girl Yunxiang looks so good Ugly, even I can't stand it anymore, but she still allows us Yulan to have a child with her. Doesn't that mean we Yulan is forced to die?

After all this, you still turn to your father, Yu Lan is your biological son. "

"Well."

Father Ya didn't know what to say.

One side is his biological son, but the other side is his biological father.

"That girl Yunxiang is also Yulan's wife."

Listening to her parents' words, Ya Yulan secretly rolled her eyes and shook her head.

His father really didn't learn anything from his grandfather's calculations. At this time, he still wanted to commit suicide for his own father. As for his mother, at this point, she still had to consider Yunxiang's appearance.

Don't they think that their son is not worthy of Yunxiang?

What does looks mean? When Lin Caisang was called a fat pig, hadn't Ya Molian already started chasing her? It can be seen that appearance is really useless.

Regardless of appearance, Yunxiang is good at martial arts. Although she does not often do these things at home, as long as she does them, every one of them is easy to obtain. She also protects her master loyally and will not be tempted by the outside world.

How could such a woman be worthy of him, a man who couldn't even pass the examination?

"Father, mother, you guys should be busy, I'll go out and take a look."

"Jade blue, jade blue..."

When Ya's mother saw her son leaving, she called several times behind him, but there was no answer.

"This child... you can't listen to your grandfather. If you have a child with such an ugly girl, what if you give birth to an ugly monster? Our Ya family will be completely disgraced."

Father Ya behind him: "..."
