

Star of Space 718

Chapter 718 Call me back to serve you

"You can just wear these clothes when you go out to do tasks in the future. There are men's clothes in the other box. You are a woman. When you go to some places, it is more convenient to show others in men's clothes.

Ya Molian said.

"That's true." Lin Caisang nodded.

When she went on a mission before, even if Ya Mo Lian was with her, her medical skills would be questioned because she was a girl.

It's okay to be questioned, it's nothing.

But some people just don't have the vision to tell Ya Molian that she is a liar in front of her face, which will make her lose face. She should wear men's clothes more often to treat people.

Although, she actually wants everyone to know that she is a woman and among women.

But these are secondary. The key is to do the tasks well, earn a lot of points, and earn some more gratitude points by the way.

"wrong."

But, listening to Ya Molian's words, why does it feel like something is wrong?

"When I go on a mission, it's more convenient for me to show off in men's clothing. Brother Mo Lian, are you going to travel far?" she asked.

She is accompanied by Ya Mo Lian, so what if she shows off in women's clothing? Who dares to do something to her? Unless...Ya Molian has to leave for a while, fearing that she will be in danger if she does the task alone.

Hearing this, Ya Molian sighed lightly.

"There was news from Shaohua City (the capital of the Wei Kingdom) that the Queen Mother was seriously ill and bedridden, and she needed to call me back to attend to her illness." He said to her.

"Your grandmother is sick, don't worry, otherwise I will go..."

When Lin Caisang heard what he said, he didn't understand the meaning for a moment, so he asked hurriedly.

Although that family was not good to her brother Mo Lian, they were still relatives after all. Besides, Ya Mo Lian had never mentioned his grandmother much before, so maybe she was not a bad person?

Just save it if you can.

"Sonny..."

Ya Molian listened and looked at her with helpless eyes.

"Well."

When he saw it like this, Lin Caisang suddenly woke up.

"Oh I see."

I'm afraid her brother Mo Lian's father feels that his son is no longer under his control, and wants to call him back to do something to him, right?

Otherwise, if the Queen Mother was seriously ill, it would be impossible to summon a grandson with the fate of the Lone Star of Heaven to serve her. The Emperor Wei felt that his biological mother had lived too long and wanted his son to go and take care of her. What's the matter with killing people?

"Then what are you going to do? Do you want to go back?" she asked.

"Always have to go back."

Yamollian looked at the wall with a heavy gaze and said quietly.

"After being abandoned for so many years, I should always go back and ask for my share, Sonny, what do you think?"

"Of course!"

Lin Caisang couldn't be more certain.

"Then when do you plan to leave? Tomorrow? But I want to prepare some things for you. In a place where there are traps every step of the way, some self-defense items are inevitable. I have to give you more Prepare some 'Fearless', some other antidotes, and..."

"It's still early."

Before she could finish speaking, Ya Molian said.

Raising his hand, he patted her shoulders a few times, signaling her not to be so anxious.

"The news came directly from Jiulian Palace and was received yesterday. But if the news comes from Weiguo, it will take a few days to reach here."

"Huh, that's good."

Hearing this, Lin Caisang breathed a sigh of relief.
