

Star of Space 724

Chapter 724 How simple is it?

She had never seen an apprentice who was so difficult to teach. In the past three days, she didn't know how much hair had been lost by Jiang Zuo.

And outside the door...

"Zhong You, don't you go in and take a look?"

Ban Jue and Ban Wu asked in unison as they looked at Zhong You, who was sitting in the yard, sorting out medicinal materials leisurely.

What the hell is this? It was clear that the mistress was here to teach Jiang Zuo, and Zhong You was just a sideshow. But at this moment, Zhong You had successfully started teaching, and had been reading medicine books and sorting medicines outside for a day and a half.

As for Jiang Zuo, he was still being scolded by his mistress in the pharmacy.

"Why should I go in? Did you see that Jiang Zuo's hands were pricked with blood holes?" Zhong You raised his head and glanced at them.

He followed the master and watched Jiang Zuo learn the master's golden needle method for treating pain. Let alone the master, even he was so anxious when he saw Jiang Zuo's technique that he wanted to kick him.

Therefore, he had better not disturb Jiang Zuo... and he would be punished.

"Zhong You, tell us, how did you learn that set of golden needles to treat pain?" The two of them asked Zhong You very curiously.

Why was Jiang Zuo, a famous doctor in their eyes, stumped by a set of acupuncture techniques? For the past three days, they had only listened to the voice of their mistress teaching Jiang Zuo.

"It's very simple."

Zhong Wan spoke while picking up the medicinal ingredients.

"How could such a simple decision shine? I asked immediately.

"As long as you are not afraid of death, you can pierce the acupuncture points on your body for three to five years and practice more, you can learn it." Zhong You said.

Banishment: "..."

Ban Wu: "..."

The two of them swallowed at the same time and looked at Zhong You like monsters.

I have practiced pricking my own acupuncture points for three to five years. Fortunately, this kid can tell me. Is it possible to prick the acupuncture points at will? It will kill someone.

"I....."

"Is everything ready?"

Just when they were still about to speak, they heard the voice of their palace master.

"Palace Master, everything is ready, but...Jiang Zuo doesn't seem to be..."

‘Bang! ’

A loud noise interrupted Ban Wu's words, and Lin Caisang walked out angrily, followed by Jiang Zuo like a wronged daughter-in-law.

"Brother Mo Lian, I have decided!"

She came to Ya Molian's side and spoke through gritted teeth.

"Um?"

Ya Molian raised her eyebrows, looking at her face that was full of anger, but she was extremely cute.

"What do you decide?"

He had expected that Jiang Zuo would not be able to learn acupuncture, but he did not expect that Jiang Zuo's hands could be so clumsy!

"I decided to let you take...him away!"

Lin Caisang took a deep breath, raised his hand and put down the medicinal herbs with one finger. He stood up and looked at Zhong You, his master.

"ah?"

Zhong You was confused when he was pointed out, and he couldn't help raising his hand to point at himself, looking at Ya Molian and others, and then at his master.

"Master, are you talking about me?"

"Yes, that's you."

Lin Caisang said with absolute certainty.

She had decided to give up on Jiang Zuo completely. She couldn't handle it quickly enough, but she still blamed her hands for not obeying his orders!

"Zhong You, this time you will follow Brother Mo Lian to Shaohua City. I will prepare some more medical books for you. You can read them when you have free time. Also, Brother Mo Lian will take Jiang Zuo away with you. Follow him and let him teach you all his medical skills."

"What?!"

Hearing Lin Caisang's words, Jiang Zuo almost jumped up on the spot.
