

Star of Space 725

Chapter 725 Really? What is it?

"Mother, Zhong You is your apprentice, not mine. How can I teach him medical skills? Besides, I can't teach him any medical skills.

His family's medical skills are passed down from his ancestors, and he has never accepted apprentices. If his mistress said this, didn't he make him break the rules passed down by his ancestors? How can this be achieved?

"You also know that your medical skills are not eye-catching, so study harder. One day my apprentice will be a hundred times better than you!" Lin Caisang rolled her eyes at him and said.

Jiang Zuo: "..."

Why can't his medical skills be noticed by others?

It's just that the master of his palace is so good at finding a wife that he can't stand the attention of the people around him, okay?

"I....."

"Okay, Jiang Zuo."

He still wanted to speak, but was interrupted by Ban Wu on the side.

"Just because you studied with your mistress for three days and achieved nothing, while Zhong You only studied for a day and a half before you left the profession, your family's reputation will not be tarnished if you teach Zhong You this little medical skill. "

"I....."

Hearing this, Jiang Zuo pursed his lips, but couldn't say anything.

"Brother Mo Lian, when will you set off?" Lin Caisang looked at Ya Mo Lian and asked.

"An hour later." Ya Molian said.

He had never told anyone about his family affairs before. Even among the Lin family, only Sonner knew that he was going home.

Now that he was leaving, he had to let the people in the village know that he had not left Sonny behind, he was just going to finish what needed to be done and he would be back soon. This matter must be done well.

Hearing his words, Lin Caisang bit her red lips.

"Zhong You, go and pack your things, and then come to the pharmacy. I will teach you the refining method of 'Fearless'," she said.

"Master, isn't 'Fearless' your secret recipe? How could..." Zhong You was shocked when he heard this, and quickly shook his head to refuse.

"There is no secret recipe. Since I have accepted you as my disciple, I will definitely teach you all my skills. Otherwise, why would I accept you as my disciple?" Lin Caisang curled his lips and glanced at him.

Zhong You pursed his lips and stopped talking. He really didn't expect that his master trusted him so much.

"Master, I understand."

"As long as you understand, go and clean up and come over." Lin Caisang nodded and said.

"No need, I don't have much to pack. Just let them send someone to pick it up. Refining 'Fearless' is the most important thing." Zhong You said immediately.

He only has a few clothes, what can he pack? He can just pack them up when he leaves.

"good."

Lin Caisang nodded and glanced at Ban Jue.

"Don't worry, mistress, I'll take care of it myself." Ban Jue said immediately.

...

In the Medicine Garden space of Jinzhu Space, Lin Caisang stood in front of the jade mirror.

"Brother Yujing, tell me, is there anything in this world that can summon others thousands of miles away? For example, if a friend of mine encounters danger thousands of miles away, he can get the things I gave him over there. , I knew it right away."

she asked Jade Mirror.

'have. '

The jade mirror shows a big word "you".

Lin Caisang's eyes lit up instantly and he hurriedly said, "Really? What is it?"

'The Golden Pearl Order clone can let you know something. '

"Golden Pearl Order clone?"

Lin Caisang's eyes widened and she looked at the five words on the jade mirror. The next moment, the jade token of the Golden Pearl Order appeared in her hand. She lowered her eyes and looked at the Golden Pearl Order in her hand.
