Chapter 729 Why can't you leave?

"Okay, I understand, I won't go again.

This guy was about to leave, and he still wanted to control her so tightly, but she knew that he was doing it for her own good, so she didn't care so much.

"Have you packed everything? If you don't set off, it will be dark."

"You want me to leave in such a hurry?" Ya Molian asked.

"No way."

Lin Caisang quickly denied it.

It's not like he has to leave no matter how long he takes, so why bother to stay here for a while and then go on the night journey? Even if he could bear it, her apprentice still couldn't.

"For your safety, it's better to leave early.

"Here we go."

Ya Molian turned sideways and looked outside the pharmacy.

Sure enough, Lin Caisang also heard the sound of footsteps. It seemed that Ban Jue and the others had picked up their things and were ready to set off.

"Sang'er, you have to be good at home. Don't go into the inner forest. You'll have to do fewer tasks. I'm leaving." Ya Molian warned her again before turning and walking out the door.

Lin Caisang also followed out.

"Master, I'm leaving."

Zhong You stood between Ban Jue and Jiang Zuo and said to Lin Caisang.

"Um."

Lin Caisang nodded towards him.

"Study kung fu well with Ban, don't hold everyone back, and...Jiang Zuo, remember to teach my apprentice well. If by the time you come back, he hasn't learned a little bit about you, I must keep an eye on you. .

She looked at Jiang Zuo and warned him sternly.

Jiang Zuo: "..."

Why does he have such a mistress who insists on squeezing all the abilities out of him?

The key is that no one stood up to say a word for him. They all turned to Lin Caisang. He suddenly felt that he was really miserable.

"Mother, can I see Ziyu next time I come back?" he asked.

"Want to see Ziyu?"

Lin Caisang raised his eyebrows.

"Yeah." Jiang Zuo nodded repeatedly.

Of course he thought about it. When Sui Ziyou was in Shaohua City, he couldn't see her. Now that she was very close to him, he couldn't see her either. He didn't know how much he believed in her.

"It depends on your performance when you go out this time. If your performance is acceptable, I will let you meet Ziyou next time you come back." Lin Caisang said.

Hearing this, Jiang Zuo's eyes suddenly lit up, "I will definitely perform well and see Ziyou."

Listening to Jiang Zuo's words, several people in the banquet department rolled their eyes at him at the same time.

What does it mean to behave well in order to see Sui Ziyou? Could it be that he still wants to betray his master if he can't see Sui Ziyou? For a woman, this is too bottomless, right? What a disgrace to their men!

"gone."

Ya Molian said something, gave Lin Caisang one last look, then turned around and walked down the mountain.

Lin Caisang stood there, watching Ya Molian and his group disappear before his eyes, then turned around and returned to the pharmacy.

...

In the evening, while Lin Caimulberry was peeling fruits in the drying room, he was almost startled by Lin Changhong who came in a hurry.

Lin Changhong jumped out of nowhere and opened his mouth to ask his sister.

"Sang Sang, I heard from Grandma that Brother Mo Lian has found his family and has left with them? What is going on? How could he leave like this?"

He was anxious. He heard the news just after returning from school. It was like a bolt from the blue.

"Why can't he leave?"

Lin Caisang calmed down and asked his eldest brother.

"It's a good thing to find relatives. Naturally, we should go back together to recognize our ancestors. Brother, why are you looking so sad? Aren't you happy for Brother Mo Lian?"
