

Star of Space 730

Chapter 730: Can't survive the day?

Although she was not happy to come in, Ya Molian was going to go through mountains of swords and seas of fire, and she was worried in her heart.

"I...I'm happy."

Lin Changhong held back a sentence, but there was no joy on his face.

"Sangsang, did Brother Molian say anything to you? What will you do if he leaves?"

There is no reason for the betrothed to leave just after they got engaged. Moreover, he asked Grandma, who didn't know where Meliange's relatives were from and how to find them.

What if Brother Mo Lian leaves and never comes back, what should his sister do?

Hearing this, Lin Caisang blinked, put down the wild fruit in his hand and looked at his eldest brother.

"What should I do? I'll live my life as usual. Look at what you said. Brother Mo Lian has returned to his home. Can I still live my life?"

"He...you..."

Lin Changhong was so angry when he heard what she said.

"Sister, why don't you understand? Brother Mo Lian didn't tell you anything and just left. You guys just got engaged. If he doesn't come back, what will the people in the village say to you?"

The marriage was canceled because of that scumbag Zhou Liang. Now if Ya Mo Lian does this again, will his girl still have a reputation?

Lin Caisang: "..."

She never expected that before people outside said anything about her, her brother would start to worry about her.

"Brother, what are you thinking about? Brother Mo Lian has made it clear to me that he will come back after he takes care of his family affairs. You started to be anxious just after this man left. You can't live in the future?" "

She shook her head and continued to pick up a fruit and peel it.

"Sangsang..."

"Okay, don't talk about those things. I heard Luzhi say that something happened at the pond at the foot of the mountain today. You can go to the patriarch's house and ask what happened?"

Lin Caisang interrupted what he wanted to say and told him to go do something.

"Is there something going on? Why didn't I know?"

Lin Changhong's attention was immediately drawn and he forgot about Ya Molian leaving.

"I'm going to the patriarch's house to have a look. I don't know how to use the water. Don't you want to use it? Humph!" He turned around and left.

"Miss, the person making trouble is just..."

Feng Luzhi sat next to her and raised his head to explain.

She just saw someone relying on their friendship with the Lin family, so she didn't want to pay the copper coin, so she had a little dispute with the people sent by the Lin family leader. Later, she was suppressed and had to pay the copper coin to get water.

This is just a small episode, not a big deal.

"I know."

Before she could finish speaking, Lin Caisang said directly.

She just wanted her eldest brother to stop focusing on Ya Molian and do other things, so as not to cause her a headache.

"Chu Shui, have you visited Liu's house today? How is Liu Yushui?" she asked Lin Chushui.

"The two children still made no sound and were sleeping all the time. I followed your instructions and made chicken soup for her to bring over. I also made the rice, but...it wasn't very delicious."

Lin Chushui smiled shyly and said.

His cooking is not very delicious, but there is nothing that can be done. Should Liu Yushui be allowed to cook by himself? She was so weak after her premature birth. Last time, she heard from Sister Sangsang that she went to the small bamboo forest.

Since that day, I have been lying in bed unable to get out of bed.

Moreover, Liu Yushui's popularity was so bad that no one in the village would help her except him. He was the only one who cooked for her.
