

Star of Space 731

Chapter 731: Rebel against them!

"Miss, she treated you like this before, why do you still want to help her?"

Feng Luzhi muttered, his face full of hatred for Liu Yushui, and asked Lin Caisang.

She still can't forget why Liu Yushui and her daughter bought her back. If she hadn't escaped in time, she might have been killed by that scumbag long ago, and she would have ended up even worse than Liu Yushui.

Hearing this, Lin Caisang looked sideways at Feng Luzhi, "Do you think I shouldn't save her?"

"No, that's not the case." Feng Luzhi shook his head.

"Actually, I also think Liu Yushui is quite pitiful now, but she used to really... I wouldn't like her anyway."

That Liu Yushui used to want to harm and trick everyone she met. Although she seems to have changed now, who knows if she is just faking it? She was extremely afraid that Liu Yushui would attack her again.

"I feel scared just thinking about what she said to me before. However, she is no longer powerful now."

"Um."

Lin Caisang nodded.

Liu Yushui could no longer be strong and broke up with Zhou Liang. She was the only one left in the family with her two daughters, and she was even more disliked by the villagers.

However, similarly, if when she asked Feng Luzhi just now, if this girl said that she should not be saved, then Feng Luzhi, this girl, would not stay with her anymore and would be sent away directly.

"Lvzhi, although Liu Yushui and his daughter have said many outrageous things to you, they are the ones who bought you back after all. If they hadn't bought you back, no one can predict what your fate would have been."

She spoke to Feng Luzhi.

"Actually, they rescued you from the tooth shop. Although their purpose was not good, they just wanted you to serve Zhou Liang for Liu Yushui, but if you were sold to any place, your end might not be better than if you were bought back by Liu Rumei."

"I....."

After hearing her words, Feng Luzhi opened his mouth, but nothing came out.

The young lady was right. When she was in the dental shop before, she saw many old ladies who came to pick girls. The girls they picked were all of good looks, and they still had to look good at giving birth.

Anyone can imagine that purpose. She must have been chosen to be the maid next to the master.

When she was in the dental shop, she had always been afraid of being picked away. She worried during the day and at night, until she was picked back by Liu Rumei. In fact, the fate was the same.

She should actually be grateful to Liu Rumei and Liu Yushui for being able to follow the young lady now.

"Miss, let me go to Liu Yushui's house tomorrow and help her wash out all the things in the house that need to be washed." She thought for a while and said.

"Um."

Lin Caisang nodded.

...

After Ya Molian left, life went on like this day by day.

But within a few days, the village didn't know what happened, and there was a storm that Lin Caisang was abandoned by Ya Molian. The whole village spread the news that Ya Molian returned to her biological parents and found her. A well-matched wife.

At first, only a few villagers spread the word, but seeing that the Lin family did not come forward to explain, the three aunts and six women began to speak nonsense boldly. Sometimes, in front of the Lin family, they could even say Lin Cai Sang was abandoned.

This made Lu Qiubo very angry.

"These people are just bastards! They used the water that my family Sang Sang gave them and dared to spread gossip about Sang Sang. This is totally against them! Sang Sang, from now on, we won't give them any water!"
