

Star of Space 732

Chapter 732 What exactly do you want to do?

Lu Qiubo was shouting angrily in his yard. His voice was so loud that many people living near Lin's house could probably hear it.

"Third brother, go and tell Chief Lin that you are not allowed to fetch water again. Also, release the four little wolves on Menghuang Mountain and guard them by the pond. I'll see who dares to fetch water again." water!"

"this....."

Lin Baiyi looked a little embarrassed after listening to his mother's words, and turned to look at his father.

However, Lin Laojiang nodded towards him, as if he had agreed to Lu Qiubo's wish and not let the villagers use water.

"Dad, is this possible?"

"Why not?!"

Before Lin Laogong could speak, Lu Qiubo roared.

"Those people took advantage of Sangsang and poured dirty water on Sangsang. Do we, the Lin family, owe them? Tell them that no one can use the water of my Lin family in the future. Lao San, what, Sangsang?" Isn't she your niece? Are you happy when you hear those people talking about her? "

"Of course not, mother, don't be angry. I'm going to drive them away right now. Why wait for tomorrow? I'll drive them away today." Lin Baiyi was bombarded by his mother and immediately went out to hunt the deserted mountains. On.

...

After a while, four wolves suddenly sprang out from the edge of the pond at the foot of Menghuang Mountain. The people who came to fetch water were so frightened that they dropped their buckets and ran away. The timid person's feet were weak. He simply rolled away and crawled away. 69shux.Com

After a while, those who couldn't carry water filed a complaint with Patriarch Lin, pointing out that Lin Caisang took money and refused to let them carry water, which was too vicious.

But the elders of the Lin clan were so divine that they didn't take their words seriously at all.

"What's the matter? All the money you spent carrying water is stored with me. Are you trying to say that I, the leader of the Lin clan, am too vicious?" he asked those people.

He had also listened to the rumors, and he had been thinking before, why didn't the Lin family react at all, and allowed the gossips in the village to talk nonsense?

No, today I finally waited for something to happen.

"Clan leader, how can you say that? We have paid money to carry water. Lin Caisang let the wolf out, what's going on?" A member of the Lin family stood up and asked.

"Oh, did you pay money?" Patriarch Lin nodded lightly.

"Let's do this. If anyone has paid copper coins today, I will check it in the account book and return the coins to you. This will save you from saying that I am a vicious old man."

"this....."

The people who came to complain were immediately frightened when they heard what Chief Lin said.

"Patriarch, what do you mean, are you not letting us go to Lin Caisang to fetch water?" a man asked.

The crops in the field are about to have a good harvest. It is the most critical time. If there is no water at this time, won't the crops in the field wither? Isn't it a waste of money to carry so much water with the copper coins I paid before?

"Patriarch, we came to you because we want you to ask Lin Caisang what exactly she wants to do. Why did she suddenly not let us carry water? There is no such reason."

A man from the Ya clan asked.

"reason?"

Patriarch Lin knocked his pipe on the table and smiled coldly at the man.

"In my old man's opinion, Sangsang is already interesting enough to you, but you are so happy that you are dizzy because you have water and think you will have enough to eat next year?"
