

Star of Space 735

Chapter 735 Do they still have the nerve?

He is still the clan leader, and he can be a troublemaker. He follows the Ya clan leader all day long, thinking that the Ya clan leader will give up the position of the clan leader to him. He also doesn't think about it, why should the Ya clan leader give up the clan leader position to him? Does his face look particularly big?

"Sister Qiubo, you can't say that. There are some garrulous people in the village, but that's not all of them. We can't overturn all the people with one stroke, right?"

Patriarch Lin hurriedly smiled and said.

After hearing these words, Lin Caisang realized that it was because of the rumors in the village these days that her grandpa and grandma were angry.

"Just give me a face and let them continue to use water. I just told the people in the village that in the future, they will have to pay two cents a day for water use. This is a lesson to them, so I will let them go." Bar."

Patriarch Lin continued.

"Two pence a day?"

Lin Caisang didn't care about anything else. He only heard the two cents from Patriarch Lin. It seemed that Patriarch Lin had planned it a long time ago and knew that her grandpa and grandma would come to do this.

He has even thought about how to punish the estranged women in the village.

"Clan Chief Lin, do you think everyone will have any objections to the sudden increase in copper coins?" she asked.

Don't make her completely resentful just for this day's penny. In that case, the gain will really outweigh the loss. What's more, she hasn't received the money yet.

"What opinions do they have? If they have any opinions, let them go to those people who are gossiping!" said Patriarch Lin.

After hearing his words, Lin Caisang didn't ask any more questions.

Although charging an extra penny would probably have some adverse effects on her, the gossip about her in the village had never stopped, and naturally she would not really pay attention to what those people said.

"Grandma, since the patriarch and grandpa have said so, I believe that the people in the village have learned a lesson and will not talk nonsense in the future, so let's forget it." She looked at Lu Qiubo and persuaded.

"How did this happen?"

Lu Qiubo was still a little unhappy.

She just couldn't swallow the tone of letting those people say something bad about her precious granddaughter for nothing.

When she heard those words at first, she was so angry that she was shaking all over, feeling like she was about to lose her temper. But now that the clan leader said a few words of love, she would just let it go? Don't the people in the village think that the Lin family is too talkative?

"No, Patriarch, we can't just let this matter go. If the people in the village want water, that's fine. Let them come out one by one to apologize to my Sangsang. Otherwise, there's no way they can use water!"

They must know how powerful she is, otherwise things like this will happen more often in the future.

"Apologize?"

The corners of Lin Caisang's mouth twitched unconsciously.

"Grandma, don't you need to apologize? We are all from the same village, and I am a junior... How embarrassing it is for the elders to come and apologize to me."

Besides, she was very busy, working so hard every day that her feet never touched the ground. How could she have the time to listen to people in the village apologizing to her?

"Elders? What kind of elders are they? How can they still have the face to speak ill of my Lin family outside? Since they have no shame, what's the point of apologizing? It's an advantage for them to make them apologize!"

Lu Qiubo refused to give in even a step and said loudly.

Lin Caisang: "..."

Well, let her grandma say whatever she says. As long as she can calm down, she really doesn't care what other people do.
