

Star of Space 737

Chapter 737 Find a friend to help me

"As soon as I saw that the situation was not good, I quickly came over to report the situation.

"What?!"

When Patriarch Lin heard her words, he almost jumped up with anger.

"These people are really rebellious!"

He had just persuaded Lin Laogan and Lu Qiubo here, but he still dared to make trouble there. He really didn't want it to be easy, right?

"Come on, come with me and take a look."

"etc."

Just as Patriarch Lin was about to check on the situation, Lin Caisang stopped him.

"Grandpa Patriarch, since this matter is between me and the people in the village, let me resolve it myself."

She really wanted to see if those people were really not afraid of her at all, and if those people who were good to her in the past no longer existed.

"Sang Sang, you have to deal with this..."

Lu Qiubo was extremely worried when he saw that his granddaughter was trying to blame him.

When people in the village gather to make trouble, even Patriarch Lin may not be able to suppress it, let alone her granddaughter, a little girl?

"Grandma, don't worry, I know what's going on."

Lin Caisang chuckled and gave his grandma a reassuring look.

"You guys wait here for a while. I'll find a friend to help me. I'll be back soon." With that, she strode away.

"this....."

Lu Qiubo and Patriarch Lin both looked at Lin Caisang's retreating back in astonishment, wondering what this girl was thinking.

"This kid."

"Sang Sang is a wise man and will not suffer any loss." Lin Laojie pushed out the wheelchair and said to them.

Since Sang Sang said she could solve it by herself, let her give it a try first. If it didn't work, they would still be there, and Sang Sang would never suffer a loss.

...

Where did Lin Caisang go?

She went directly to the ranch space and picked out a black panther that she had caught from the inner forest with Ya Molian.

"Boss, do you want me to feel comfortable in this space?"

She squatted in front of the black panther and reached out to pat his head. The black panther did not attack her, but just let her touch his head docilely.

"Do you want to see the colorful world outside? Do you want to go out for a walk with me? Accompany me to kill everyone? Huh?"

Although I don't know if the black panther understood what she said, after she finished speaking, the black panther really stood up, and then vigorously shook the hair on his body, as if he was ready to fight.

.

"Sure enough, they are animals raised in my ranch space. They have aura." Lin Caisang raised his eyebrows and curled the corners of his lips slightly.

"If you do what I want to do this time, I promise you that I will often take you out to play in the future. Are you ready? When we are, we will leave."

The black panther heard her words and roared gracefully.

Lin Caisang took it out without thinking.

...

Outside the yard of the Lin family, a large group of people from Ya Village gathered together and shouted at the Lin family, asking Lin Laogan and Lu Qiubo to hand over Lin Caimulberry and tell them how to grow two crops of rice.

"Uncle Lao Gang, Aunt Qiubo, we respect you as elders and won't argue with you, but you must call Sangsang out today. Since she is the lucky star of our village, she is not the granddaughter of your family, but also of our entire Ya Village. As a person, we can't give her so much food for free these years, can we?"

One woman had the loudest voice among them all. She was the daughter-in-law of the stepfather.
