Chapter 738 Where did you get this?

"That's right, Aunt Qiubo, you have got so much food now. We didn't ask your family to share some of it for everyone. We are already being kind and righteous. You can't hide this method of rice and not teach everyone.

"Old Geng, your granddaughter can't do it. You have to teach her a lesson. If you have the benefit, you can hide it by yourself, but you don't think about the people in our village. I have never seen such a selfish girl. No wonder Yamolian would give up. He left her and went back to his home."

"you....."

When Patriarch Lin heard the bastard words this person said, he almost picked up his shoes and hit him.

However, there was a hand that kept holding him, preventing him from passing by. He lowered his head and saw Lin Laojie. Although he looked at those people with dark eyes, he still held back and did not have an attack. He didn't know what to think.

But he, an outsider, was so angry that his veins bulged after listening to those people's words, and he had an urge in his heart to rush out and beat them to death.

"In your eyes, do you still have me as the leader of the clan?" He yelled at those people.

Among the people who came to make trouble, although most of them were from the Ya clan, there were also a few from the Lin clan. He felt really uncomfortable when he saw them. These people really made him lose face. .

Lin Caisang can grow two crops of rice. That is her skill. What does it have to do with others? They were daydreaming, thinking of coming together to force Lin Caisang.

Do you really think that they are the ones who have the final say in this Ya Village?

"Clan Chief Lin, we are looking for Lin Caisang, it has nothing to do with you." A woman said to Patriarch Lin rudely.

She is from the Ya clan, and has nothing to do with the Lin clan leader. There is no need to be polite to him. Anyway, she will never agree to cut off the water in her family's land.

"Oh, I understand, Lin Caisang has squeezed so much money from us, and she must be filial to you in the end, right? So you will definitely talk to her and help her squeeze our money, right?"

Patriarch Lin, are you too wicked? How can this be done? Fortunately, you are still the leader of the clan.
"

"You, you guys..."

Patriarch Lin was so angry at her words that his face turned red and he really wanted to hit someone.

"What happened to Patriarch Lin? Did he offend you?"

Just when Patriarch Lin was going crazy with anger, a familiar voice appeared behind everyone. It turned out to be Lin Caisang back.

Even if the people standing in front turned around, they couldn't see Lin Caisang. However, those people in the last row saw it really clearly. They were so frightened that they screamed and their legs were weak. Sitting on the ground.

There was just one thing, no one dared to run in front of Lin Caisang.

Lin Caisang looked at their timid expressions and snorted in disdain, "I thought I could argue with this girl, but I didn't expect that they are all weaklings!"

She reached out and touched the head of the black panther next to her.

"you you....."

Several men who were usually bolder in the village were so frightened that they could not speak when they saw the black panther next to Lin Caisang.

"Sangsang, you are...scared!"

Patriarch Lin, who finally squeezed out of the crowd, was about to say a word to Lin Caisang, but she saw the black panther next to her at a glance, and was also frightened.

This girl... she just said she was going to find a friend to help her. Could she be talking about the Black Panther beside her?

"Sang Sang, where did you get this...?"
