Chapter 740 Ensure the safety of your home!

"Which of you wants water, you have to pay for it. I won't give you a drop of water until I see two copper coins for each one. I gave you water from Menghuang Mountain, and you really think I'm being taken advantage of." , Isn't it easy to bully?"

Lin Caisang spoke again.

"Also, I came up with the two-season rice. Why do you want me to tell you something and I have to tell you? What do you think? You dare to come to my door and shout at me?" What do you want me to do? What, do you really think your face is big?"

"Lin Caisang, we are your elders!"

Everyone's eyes seemed to be quenched with poison, staring at Lin Caisang, gritted their teeth and said.

"What elders? To put it nicely, they are from the same village. To put it badly, you people all have no good intentions. This time, you want to use the water from my mountain to let me plant two crops." If you hand me over the rice method, you will probably think about letting me plant all the land in Maohuang Mountain for you in the future, right?"

Lin Caisang glanced at them one by one and said what they were thinking.

"The human heart is not as good as a snake swallowing an elephant. It means people like you, who curse me, but still want me to dedicate everything in my family to you. Who do you think you are? You deserve it!"

"you!"

"Lin Caisang, don't you just rely on having such a beast next to you? What else can you do? Now that Ya Mo Lian is gone and you have been dumped, why do you still have to show off? You are all We agreed to kiss each other twice, but both times failed, let's see if you can get married in the future!"

The stepfather's daughter-in-law took a deep breath, hid behind a few men, and shouted to Lin Caisang.

"Whether I can get married or not, does it have anything to do with you?" Lin Caisang glanced at her indifferently and asked.

"I own so much land in Yacun and have opened a shop in the county. Even if I can't get married, I will be an old girl at home for the rest of my life, and my life will definitely be better than yours. How will my life be in the future? Is there any need for you to make irresponsible remarks here?"

She glared sharply and patted the black panther's head twice with her hand.

The next moment, the Black Panther roared wildly, frightening everyone present to take a few steps back, not daring to take a breath.

"Sang, Sang Sang, you... don't mess around. This is not what we said."

"You bitch, what nonsense are you talking about? If you want to die, go and die on your own. Don't drag us with you. Get out."

Several men standing in front of the old daughter-in-law of the Yaji tribe started to push her out in unison, determined not to be her scapegoat. Just kidding, that was a black panther, and this was no joke.

"You, you guys..."

The daughter-in-law of the Yaji clan elder did not expect that these people would be so greedy for life and fearful of death. She was pushed to the front and her legs were shaking.

"Aunt Fang, you've been quite idle lately. You've been chatting with other aunts in the village and gossiping about me, right? I don't take you seriously, but you really think you're a dishonor, don't you?" Lin Caisang took a step closer to her and asked.

When Black Panther saw his master moving forward, he naturally followed him.

When Aunt Fang saw this, she almost screamed, but she was so scared that she lost her voice. Her legs softened and she sat directly on the ground.

"I don't care who you gossip about outside, but if I hear you gossiping about me again in the future, I will ask my little Hei to stay at your home for a few days to ensure the safety of your home!"

Lin Caisang said.
