Chapter 742 I understand

Lin Caisang looked at them and spoke.

"Hmph, are you pointing out that I offended the whole village for you people with evil intentions? Or do you want me to say that it was you who proposed that everyone in the village should be punished together? Punished? "

"this....."

The man who reminded Lin Caisang suddenly didn't dare to speak.

If this is true, can he still gain a foothold in this village? You will be drowned in other people's saliva!

At this point, everyone left with their tails between their legs. Aunt Fang was supported on the left and right by two aunts who were good friends with her, and they also left. The Lin family and Patriarch Lin were the only ones left outside the yard.

"Sang Sang, do you really want to keep this panther on Menghuang Mountain?" Chief Lin looked at the leopard, his heart still pounding.

Raising wolves is scary enough, but also raising leopards. Does this girl want to turn the barren mountains into a home for wild beasts?

"Grandpa Patriarch, I was just scaring them. How could I really raise it on the barren mountain? It will return to the inner forest on its own after a while." Lin Caisang patted the black panther on the head and said Capital encourages its good performance today.

Explained to Patriarch Lin.

As for leopards, it is better to keep them in the pasture space. A female wolf and four wild wolf cubs on Menghuang Mountain are enough.

...

After seeing off Patriarch Lin, Lin Caisang said something to Lin Laogan and Lu Qiubo, and then came to Ya Enxi's home alone.

"Sangsang, you're here, come and sit inside."

When Beidou saw her coming, he hurriedly greeted her and took her into the main room.

"Mother, what happened today has been found out. It was the Ya clan chief who instigated the Ya Ji clan elder in his position as the clan leader. Ya Ji then asked his daughter-in-law to come forward and instigate the people in the village to cause trouble. The rumors about you and the master are also It came from Yaji's family."

As soon as she arrived in the main room, Beidou immediately changed the boundaries between master and servant, and told Lin Caisang what she had found out before.

"It's this Ya clan leader again!"

Lin Caisang now really hates this Ya clan leader. How can he just not see others?

"When will Old Man Yun come back?" she asked Beidou.

Ya Molian had mentioned to her before that Old Yun had other things to do and could not stay at the Ya Clan leader's house forever.

I originally thought that with two people watching, the Yaji clan leader would be frightened. Even if he would cause a little trouble, he would not cause any big trouble. However, he did not expect that he could actually use Yaji to disturb the entire Ya Village. peaceful.

She really underestimated him.

"this....."

Hearing her question, Beidou was slightly embarrassed.

"Mother, my subordinates and Old Man Yun do not belong to the same palace. Although my subordinates know them, they..."

"I see."

Before Beidou could finish speaking, Lin Caisang raised her hand and interrupted her.

The organization that Beidou and Nangong Piao'er belong to should belong to Yamo Lianliu's last resort and cannot be exposed casually.

"If Mistress wants to ask, I can go and find out secretly." Beidou looked at her and suggested.

"No."

Lin Caisang immediately rejected her proposal.

"I can just go by myself. I just happened to meet the Ya clan leader for a while. Seeing how energetic he is, I would like to meet him."

She also didn't want to expose Beidou and the others just because she wanted to save trouble. It was up to her to do the things within her power.
