

Star of Space 743

Chapter 743 No freedom now

However, she doesn't need Beidou and Nangong Piao'er for this matter. They can still be used in other places.

"Beidou, you and Piao'er will go to the county to catch a fair tomorrow."

"Going to the market?"

Beidou was stunned for a moment, not understanding what his mistress meant at all?

"My cousin is going to Ye County to take the exam soon. It's up to you and Piao'er to inquire about the situation of Zhou Liang's family," Lin Caisang said.

She has lost count of how many insults Mrs. Zhou has done to the Lin family before. Now that it is such a big event like Qiu Wei, not to mention that Lin Changfeng and Zhou Liang are rushing to take the exam together. She does not believe that the scheming Mrs. Zhou will do nothing.

Hearing this, Beidou immediately understood.

"Don't worry, mistress, I will go check it out with Piao'er tomorrow."

"Um."

Lin Caisang nodded.

...

The family of the head of the Ya clan.

Although Yun Mo and Yun Xiang watch closely, they still miss things sometimes.

Just like now, Ya Juxiang was obviously being watched closely by Yun Mo, and they were just returning home from the fields with hoes on their backs, but Ya Juxiang still had the ability to secretly take advantage of Yun Mo's move forward, and quickly She stuffed a note she had prepared in her hand into a small hole in the outer wall of her house.

"What are you waiting for? Why don't you hurry up and catch up." Yun Mo felt Ya Juxiang slow down, turned to look at her, and drank.

"I...I'll come."

Ya Juxiang was startled and quickly followed.

The two of them entered the courtyard gate of Ya's house, but Yun Mo didn't notice Ya Juxiang's little moves at all, thinking that they were being closely watched.

Lin Caisang walked out from the corner, secretly took out the piece of paper from the hole in the wall, spread it out and saw that what was written on it were all the ways Chief Ya taught Ya Ji how to deal with her.

Every one of them was more vicious than the last, and all of them could kill half of her life.

Of course, these methods can only be used to deal with Lin Caisang, who has not traveled through time before. For her now...

Suddenly, when she saw the last line of words on the note, her eyes sharpened suddenly, and she held the note tightly in her hand.

"Damn old guy, if I don't attack you, do you really think I can't deal with you?"

Taking a deep breath, she took out a porcelain bottle from the medicine garden space, held it in her hand, took a few steps forward to the door of the courtyard, raised her hand to open the door directly, and walked in.

In the yard, Chief Ya's family was there, as well as Yun Mo and Yun Xiang, who were also talking in the yard.

They were both surprised to see her come in.

When Ya clan leader saw Lin Caisang, he almost asked why this bitch came to his house. Could it be that she was thinking of some crooked idea and wanted to deal with him?

Huh, if something really happened to him, do you think those people in the village would let her go? They will definitely drive the whole Lin family out of the house!

"Lin Caisang, you..."

"Grandpa, don't you need to wash your hands? I've prepared water for you."

Just when Chief Ya was about to question Lin Caisang, Ya Yulan's voice rang out in time, stopping Chief Ya's words.

At the same time, Chief Ya was also stunned. He finally came to his senses and realized what the situation was like now. Lin Caisang, no matter how vicious he was, was not something he could curse now.

Who prevents their family from being free now?

Although I wanted to kill Lin Caisang in my heart, I still had to hold back my anger for a while.
