Chapter 746: Experience the feeling of poison

"Oh, I forgot to tell you, my poison has several other characteristics. The two biggest characteristics are that when the poison takes effect, you will lose your voice, and your hands and feet will become weak and you will have difficulty moving.

Therefore, even if you are in pain at home and want to commit suicide, it is impossible because you cannot raise your hand to commit suicide, and you cannot ask others to kill you. What about, is my poison okay? Um. "

"You...you...Lin Caisang, you are not a human being!"

Just listening to Lin Caisang's words, Chief Ya felt like he wanted to die. How could he bear such a crime?

"Depend on!"

Lin Caisang scolded him.

"Ya Zhengguang, you really think you are a god. Who of us is not a human being? Do you want me to take this note and go for a walk around the village? When I see how many people are willing to stand on your side? !"

"you--"

Naturally, Chief Ya didn't dare.

If this note is seen by other people in the village, then his position as clan leader will definitely not be preserved, and Yaji will also be implicated because of him.

According to Yaji's nature, he will definitely bite him out completely when the time comes. I'm afraid he won't even be able to stay in this village any longer. Is he going to live on the streets?

"Hey, Lin Caisang, don't think that I don't know, you don't dare.

He smiled and said to Lin Caisang.

Lin Caisang didn't dare, and he still knew this. If Lin Caisang dared to take this note out, he would definitely expose Ya Molian's use of a brother and sister to control their family.

When the time comes, none of them will be able to survive.

"laugh."

Lin Caisang sneered.

Can she not tell what Ya Zhengguang is thinking?

She was so afraid of him. If she and Brother Melian sent people to control their family, someone would have to believe it. Who would believe it?

"Do you think I don't dare? I don't dare to go outside and say anything, because I am planning to make your family disappear from Yacun if you really push me. So, your family and I Naturally, the less people outside know about these contradictions, the better."

After saying that, she turned around and walked in the direction of the Yun Mo brothers and sisters.

"Keep an eye on them. If you let this old guy conspire with people outside again, I'll take it out on you!"

"Yes, Mistress." Yun Mo and Yun Xiang responded at the same time.

Just hearing what the mistress said, they were also frightened into a cold sweat.

I really didn't expect that they were already watching so closely, and this old guy was still plotting against the mistress, and he actually wrote a note under their noses and asked Ya Juxiang to hand it over.

"Let them have a taste of the poison for the first time. From now on, you will go to Menghuang Mountain to get the antidote every two days. If anyone has other ideas, you can just watch and don't give them the antidote. Experience the feeling of poison."

Lin Caisang continued speaking, turning to look at Ya's father, Ya's mother, and Ya Yulan.

"You don't have to look at me like this. If Chief Ya can be more calm, I won't issue this policy. If you want to blame, just blame yourself for having such a father and grandfather."

Hearing this, all three of Ya's fathers looked at Ya Zhengguang helplessly. This was their elder. What could they do? They could only suffer.

However, after seeing Ya Zhengguang, they unanimously set their sights on Ya Juxiang.
