

Star of Space 749

Chapter 749 It's through Mrs. Zhou

"I still have kids.

Liu Yushui was not surprised at all why Lin Caisang knew about her money. He just glanced at her lightly and said.

She cost the Zhou family fifty taels of silver, but after calculation, what could fifty taels of silver be enough for? It's not that she's cruel, it's just that her two children have to be raised by her alone. She won't have to spend money on anything in the future.

Moreover, in the past, she could barely open her mouth or stretch out her hands for food. How could she ever live such a hard life? She had to learn everything from scratch.

Fifty taels of silver, I really don't dare to spend any more.

Hearing this, Lin Caisang glanced at her.

It is rare to hear from Liu Yushui that she cares about others more than herself. As expected, she is different now that she is a mother.

"You asked Chu Shui to call me over. Is there something you want to tell me?" she asked.

Upon hearing her question, Liu Yushui hesitated for a moment, then took a deep breath before looking at her seriously.

"I know that I have done many vicious things to you in the past, and you probably won't want to see me again, but there are some things I must make clear to you," she said.

Lin Caisang raised his eyebrows and waited for her to speak.

"I have been targeting you before. In fact, many times, it was not my intention." Liu Yushui said.

"What's the meaning?"

Lin Caisang was a little surprised and asked.

If it's not Liu Yushui's intention, then it's Liu Rumei's intention? Anyway, there is no way to escape the mother and daughter.

"It was not my mother's idea to sell you to the Liu family's sick young man for happiness. It was Zhou Liang who told me about this matter. The Liu family had nothing to do with the Liu family. "It was through Mrs. Zhou that my mother met the Liu family's wife."

Liu Yushui explained.

"Mrs. Zhou?!"

Lin Caisang was stunned. No matter how she thought about it, she could not imagine that she was arranged to be married just before time travel, and then she was buried alive. It was all because of Zhou Liang's mother, Mrs. Zhou, who was responsible for it!

"Are you telling the truth? You didn't make it up because you wanted to take this thing away from you, right?" She asked suspiciously.

"Did I lie to you? I don't want to explain this, but you can ask. Mrs. Zhou and Mrs. Liu have known each other since early in the morning, including that day in the Liu Mansion. After Mr. Liu died, it was also Zhou who Madam secretly suggested to my mother that you should be buried with Mr. Liu. "

Liu Yushui said.

"I didn't see Mrs. Zhou at that time..." Lin Caisang wanted to refute, but halfway through his words, he couldn't continue.

She was tied up at that time. After Mr. Liu died of illness, the scene was in chaos. How could she pay attention to Mrs. Zhou? What's more, Mrs. Zhou would definitely have to avoid it in that kind of situation.

Maybe he's hiding in a corner.

"you sure?"

she asked Liu Yushui.

"I heard this from my mother later. Of course, it wasn't her who told me, but that she was beaten by my grandma. When I got home, I overheard her scolding Mrs. Zhou for causing her to get all over her body. It was an injury, that's when I realized it."

Liu Yushui said.

"I used to like Zhou Liang, but now that I think about it, in fact, it was not me who pestered Zhou Liang in the beginning, but Zhou Liang who deliberately came to me, pretending to be a gentleman, and pretending to be a gentleman. Cheated."

As she said that, she looked at Lin Caisang.

"You also know that Zhou Liang gave me fifty taels of silver, right? Do you think I shouldn't ask for money from him?"
