

Star of Space 750

Chapter 750 No life of giving birth to a son

Lin Caisang: "..."

Why did she think it was inappropriate for Liu Yushui to ask Zhou Liang for money?

In fact, she felt that the fifty taels of silver she asked Zhou Liang was too little and too cheap for the dregs of the Zhou family.

"This is your own business, I have no right to interfere."

"In fact, I spent so much on Zhou Liang before. When I was at the Liu family, I had at least ten taels of pocket money every month, and most of it was spent on Zhou Liang."

Liu Yushui thought about the stupid things he had done before and sneered.

"What does it mean to take fifty taels from the Zhou family now?"

"Then why don't you ask for more?" Lin Caisang asked.

This way the two children can live a better life, right?

"I asked for too much. I wanted five hundred taels. Unfortunately, Mrs. Zhou would rather let me beat the child in her belly than give it to her. So she asked Zhou Liang to bring fifty taels and asked me not to allow it in the future. Have anything to do with the Zhou family again."

Liu Yushui said.

There will be no relationship with the Zhou family in the future, so what does she want? Who wants to have anything to do with that scumbag Zhou Liang anymore?

Hearing this, Lin Caisang raised his eyebrows.

"So, you didn't let Zhou Liang know that you gave birth to two daughters for him?" she asked.

"Why should I let him know? I gave birth to these two children for myself. What does it have to do with him? Is a man like him worthy of being a father?" Liu Yushui sneered coldly and asked Lin Caisang.

Lin Caisang: "..."

Indeed, that scumbag Zhou Liang is indeed unworthy!

"I told Zhou Liang that day that I had aborted the child, and he believed it." Liu Yushui continued.

Lin Caisang: "!!!"

She didn't even expect this part to happen, and Brother Mo Lian didn't tell her either.

"Qianlin County is so big, and our Ya Village is not isolated from the world. There are still several families who have contact with the Zhou family. Their families will know about it sooner or later." She reminded Liu Yushui.

"So what if you know? Will the Zhou family care about the two girls? What they want is a son who can inherit their legacy." Liu Yushui raised the corners of his pale lips even more disdainfully and said.

She knew this from the moment Zhou Liang gave birth to a son.

"But what if Zhou Liang didn't give birth to his son?" Lin Caisang asked her.

"What do you mean?"

Liu Yushui was stunned and quickly asked Lin Caisang.

How could Zhou Liang not have a son? He kept saying that after he married a wife in the future, he could raise many women outside, and those who gave birth to many sons could be held in the lap of his wife and raised.

"Do you think the daughter of the county governor that Zhou Liang is going to marry is a good girl?" Lin Caisang asked her with a chuckle.

"she....."

"She had an affair and got pregnant. After beating the child, she got cold and couldn't be a mother anymore. Moreover, the daughter of the county governor couldn't be more selfish. How could she let Zhou Liang have her around?" woman?"

Lin Caisang said.

"How could she... But Zhou Liang Mingming said... that the county governor's daughter promised him that he would have more concubines in the future." Liu Yushui murmured.

Zhou Liang had promised her this before, and he also said that she would live a good life in the future. As long as she was willing to follow him without any name or status, he would have everything.

But it turned out that these were all lies, to trick her into giving birth to the son he thought was in her belly?

"That's because she is anxious to find a match and marry herself off. If it takes longer, she's afraid that her bad affairs will be exposed, and she won't be able to find a good wife by then."

Lin Caisang said.
