

Star of Space 753

Chapter 753 Ban Yilu

Such a woman must be guarded against.

"The Zhou family...who!"

When she was thinking about the Zhou family, she suddenly felt someone following her. She quickly turned around and looked behind her, but she saw no one.

Turning around, she frowned and looked ahead.

There was no way he felt wrong, someone was definitely following him, but after turning around, he didn't even see a shadow, which showed that this person had the skills to stay close to him.

"It's impossible for the people around Brother Molian." She lowered her voice and only murmured in a tone that she could hear.

If he was really someone close to Ya Molian, he couldn't have been secretly following her and not showing up even after being discovered, thus adding sorrow and trouble to her for nothing. Therefore, this person must not be Ya Molian's person.

Then who could it be?

Turn around again and look behind you.

Because it was getting dark, there was no one in front of her or behind her, and the path was quiet.

"Did I really hear it wrong?"

This is of course impossible. If she could hear wrongly, her ears would be cut off and served as food.

After thinking for a moment, while the man was hiding, she dodged and entered the medicine garden space, where she waited and waited for the man to appear again. Sure enough, not long after, when she came out again, she saw A figure ran away in a hurry, and that figure...

...

"Sangsang, you...why are you here?"

At Ya Yufeng's house, the couple had just returned from working outside when they saw Lin Caisang knocking on the door and walking in.

"Brother Yufeng, these are the wild fruits you picked. There are quite a lot of them." Lin Caisang picked up a wild fruit and put it in his hand while looking at Nangong Piao'er.

"That's not good, I just thought of sending it to the mountain, and here you are." Ya Yufeng also glanced at Nangong Piao'er, knowing that Lin Caisang came here to find Nangong Piao'er, and faced Lin Caisang Suggestion of picking mulberry.

"How about we walk and talk?"

"Um."

Lin Caisang nodded.

Soon, Ya Yufeng was carrying two bamboo baskets of wild fruits in his hands and a bamboo basket on his back. Nangong Piao'er was also carrying a bamboo basket, and the three of them walked towards Menghuang Mountain.

"Mother, do you have anything to explain?" Nangong Piao'er asked softly.

Hearing this, Lin Caisang raised his eyebrows and glanced at Ya Yufeng who was walking in front. As for Nangong Piao'er's voice just now, Ya Yufeng in front could definitely hear it.

"Mistress, you don't have to worry, Yufeng is also someone close to the mistress." Nangong Piao'er knew what Lin Caisang was taboo about, so she explained.

"He too?"

Lin Caisang raised his eyebrows.

She really hadn't thought of this at the moment, but thinking about it, how could Ya Molian marry her subordinates to Ya Yufeng and Ya Enxi for no reason? It seems that these two people have already followed Ya Molian. .

"yes."

Nangong Piao'er nodded.

"Have you ever investigated Ban Yilu?" Lin Caisang asked.

The person who was secretly following her just now was Ban Yilu, and she saw it really well.

"Ban Yilu?"

Nangong Piao'er looked at Lin Caisang doubtfully.

"She is from Ban Yue Wan, and she married Ya Jinghong two years ago."

"Is this the truth you found out?" Lin Caisang asked.

"no."

Nangong Piao'er shook her head.

"When Ya Jinghong went to Banyuewanxia to hire, the master even helped give Ya Jinghong some silver coins. Yufeng and I also went there. Could it be that..." Could this be wrong?

However, they did not check Ban Yilu's background.
