

Star of Space 758

Chapter 758: Reaching into the small satchel and grabbing

"If you step on it rashly, it's better that something happens to you. What if those rocks fall on the Second Prince again and injure him more?" Lin Caisang reminded him.

"this....."

The great prince was speechless for a moment.

But when he thought that his second brother was suffering down there, there was no way he could wait here calmly. He always had to find a way to save people.

"But we can't let our second brother stay under this pile of rocks?"

"Let me think of something."

Lin Caisang took a deep breath, reached out and grabbed in his small satchel, and pulled out a white fox and handed it to him.

"Little white fox, it's up to you. If you can't find anyone, then I can only kill you and make soup for you, and then find a white fox to be your wife. Do you understand?"

Little white fox: "..."

I've never seen anyone so capable of threatening the fox, why not go find him?

Struggling to get off Lin Caisang's hand, the little white fox jumped onto the pile of rocks with light steps. Because its body was light, it felt nothing when stepping on the pile of rocks.

Soon, it ran into the pile of rocks and disappeared.

"Miss Lin, is this... a white fox?" The eldest prince was shocked when he saw the white fox.

It is said that the white fox is a very spiritual animal. It will follow the owner it likes and do things for her. Unexpectedly, Lin Caisang would raise a white fox. With it around, it would be much easier to find people.

Lin Caisang just glanced at him lightly and continued to focus on the pile of rocks.

After a while, the white fox poked its head out from behind a stone, then quickly came to Lin Caisang's side and jumped on her body.

"found it?"

The white fox rubbed against her body to indicate that he had found it.

"Dead or alive?" Lin Caisang asked again.

In fact, what she asked was pure nonsense. If she died, her mission would have failed and she would have been taken back to the Jinzhu Space to receive punishment.

"It's good to be alive, it's good to be alive."

As long as the person is found and alive, it is time to think about how to save the person.

"Your Majesty, people are still alive. Please save them quickly." She looked at the Great Prince and said.

The Great Prince: "..."

He looked at Lin Caisang blankly, and then looked at the rocks piled up like hills.

He also wants to save her, but the question is, how to save her? How to rescue his second brother from this place full of rocks? He has no clue now.

"Feng'er, Feng'er, is your second brother here?"

Just when the great prince was in a dilemma and didn't know what to do, a voice rang out.

Lin Caisang turned around and saw the emperor coming in a hurry under the protection of a large number of guards, and beside him was the eldest princess who had been living in seclusion.

"Father, why did you bring my aunt here? Her body..."

When the eldest prince saw the eldest princess, he immediately frowned. His aunt was not in good health. It was inappropriate for her to know that her second brother was in danger. How could she be allowed to come over?

"Why are you taking care of me at this time? Where is Xiao'er? Where is he?" The eldest princess interrupted him and asked anxiously.

"It's in that pile of rocks."

The eldest prince took a deep breath, looked at the pile of rocks, and said.

"Then what are you waiting for? Hurry up and order people to move these stones away." The emperor heard his words and immediately ordered.

"Wait a minute."

However, the eldest princess promptly stopped the guards who were about to move forward to move the stones after listening to the emperor's order.
